(57) **CLAIM**

The ornamental design for a telephone display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

1.1 is a first image of a telephone display screen or portion thereof with animated graphical user interface showing a first embodiment of our new design;
1.2 is a second image thereof, showing the display screen or portion thereof with animated graphical user interface;
1.3 is a third image thereof;
2.1 is a first image of a telephone display screen or portion thereof with animated graphical user interface showing a second embodiment of our new design;
2.2 is a second image thereof, showing the display screen or portion thereof with animated graphical user interface;
2.3 is a third image thereof.
The circular broken line outside the ring is the center position of the charging area of the wireless charger and forms no part of the claimed design; the process or period between which one image transitions to another forms no part of the claimed design; the broken lines showing the phone and the display screen or a portion thereof are for the purpose of illustrating environment and form no part of the claimed designs; the broken lines other than circular broken lines showing elements on the display screen illustrate portions of the graphical user interface and form no part of the claimed designs.

1 Claim, 6 Drawing Sheets
