(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface.

The display screen with graphical user interface could be that of a computer server, a laptop computer, a mobile phone, a telephone, a tablet, a smart watch, or other electronic device. The outermost broken-line rectangle illustrates a display screen and forms no part of the claimed design. The remaining broken lines illustrate portions of a graphical user interface and form no part of the claimed design.
