(57) **CLAIM**

What is claimed is the ornamental design for a display panel
of a programmed computer system with a transitional
graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a face view of a first state of a display panel of a
programmed computer system with a transitional graphical
user interface.

FIG. 2 is a face view of a second state of a display panel of
a programmed computer system with a transitional graphical
user interface.

FIG. 3 is a face view of a third state of a display panel of a
programmed computer system with a transitional graphical
user interface; and,

FIG. 4 is a face view of a fourth state of a display panel of
a programmed computer system with a transitional graphical
user interface.

The broken lines in the drawings are included for the
purpose of illustrating environmental structure and form no
part of the claimed design.

The appearance of the transitional image sequentially tran-
sitions between the images shown in FIGS. 1-4. The process
or period in which one image transitions to another image
forms no part of the claimed design.

1 Claim, 4 Drawing Sheets
