(57) **CLAIM**

The ornamental design for a tool rack, as shown and described.

DESCRIPTION

1. Tool rack
1.1 is a top perspective view of a tool rack according to the new design;
1.2 is a side view thereof;
1.3 is a top view thereof;
1.4 is a bottom view thereof;
1.5 is an end view thereof; and
1.6 is a perspective view showing the tool rack of the new design mounted onto a corresponding tool station with a plurality of other similar tool racks.
The design consists of the features of shape, ornament, pattern and configuration of the article shown in the drawings. The broken lines depict portions of the article that form no part of the claimed design. The tool rack is shown with a symbolic break in its length. The appearance of any portion of the article between the break lines forms no part of the claimed design. Fig. 1.6 is provided for reference only and does not form part of the claimed design.

1 Claim, 5 Drawing Sheets
