(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a first front sequential view of a display screen or portion thereof with graphical user interface, showing a first image of my new design;

FIG. 2 is a second sequential image thereof;

FIG. 3 is a third sequential image thereof; and,

FIG. 4 is a fourth sequential image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-4. The process or period in which one image transitions to another image forms no part of the claimed design.

The outermost broken line illustrates a display screen or portion thereof and the other broken lines illustrate portions of an animated graphical user interface. None of the broken lines form part of the claimed design.

1 Claim, 4 Drawing Sheets
