See application file for complete search history.

FIG. 1 is a front view of a first image of an electronic display for a wearable device presenting a graphical user interface, showing our new design;

FIG. 2 is an enlarged front view of the first image thereof; and,

FIG. 3 is a front view of the second image thereof.

The dash-dash broken line showing of the electronic display for a wearable device presenting a graphical user interface is for the purpose of illustrating portions of the electronic display for a wearable device presenting a graphical user interface and forms no part of the claimed design. The dash-dot broken lines indicate the area from which the enlargement in FIGS. 2 and 3 is taken and form no part of the claimed design.

The appearance of the transitional image sequentially transitions between images shown in FIGS. 2-3. The process or period in which one image transitions to another image forms no part of the claimed design.
