(57) **CLAIM**

The ornamental design for a display screen with an animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image of a display screen with an animated graphical user interface, showing the new design;
FIG. 2 is a front view of the second image thereof;
FIG. 3 is a front view of the third image thereof;
FIG. 4 is a front view of the fourth image thereof; and,
FIG. 5 is a front view of the fifth image thereof.
The appearance of the animated image sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another image forms no part of the claimed design.
The broken lines of uneven length shown in the drawings illustrate the display screen and form no part of the claimed design. The broken lines of even length shown in the drawings illustrate portions of the graphical user interface that form no part of the claimed design.
