(57) **CLAIM**

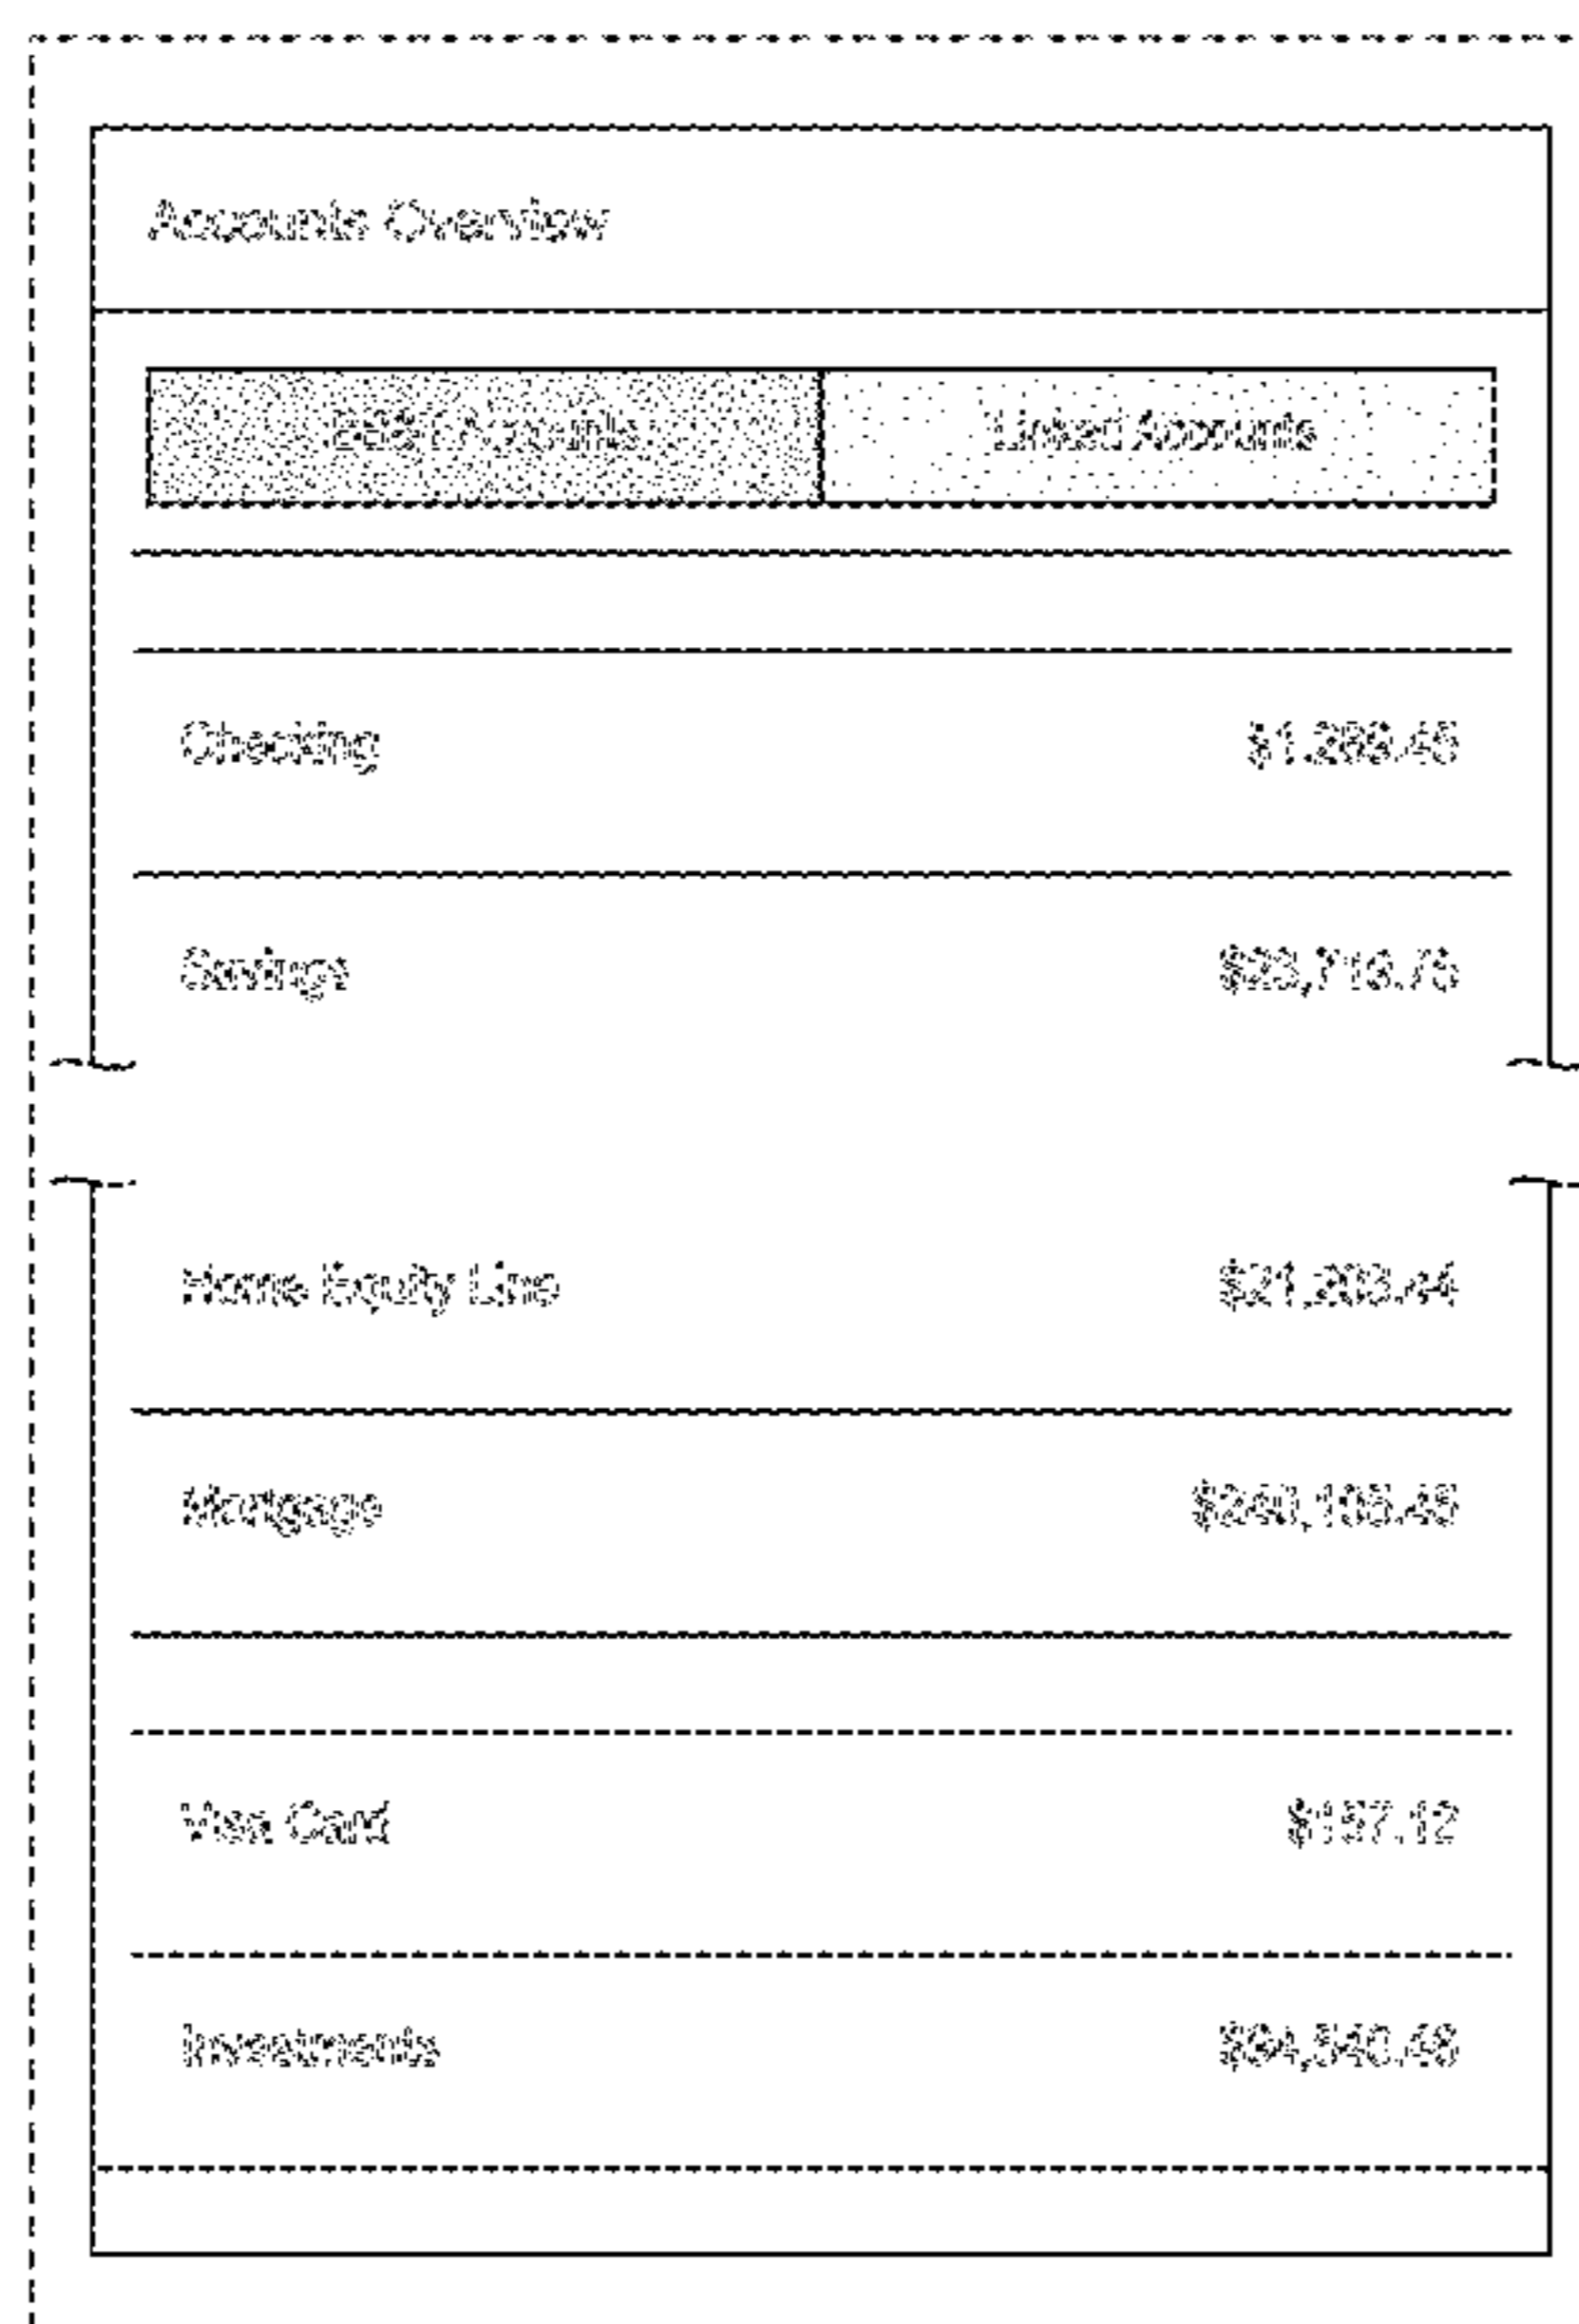

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a display screen or portion thereof with a graphical user interface showing our design. Portions of the graphical user interface for a display screen shown in the figure show stippling to include contrasting tone or contrasting color, wherein a first stippling represents one color or tone and a second stippling represents a second contrasting color or tone.

The broken lines showing a display screen or portion thereof and elements of the graphical user interface illustrate portions of the article, and form no part of the claimed design.
