(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen or portion thereof with graphical user interface showing my new design;

FIG. 2 is a front view of a second embodiment of a display screen or portion thereof with graphical user interface showing my new design;

FIG. 3 is a front view of a third embodiment of a display screen or portion thereof with graphical user interface showing my new design;

FIG. 4 is a front view of a fourth embodiment of a display screen or portion thereof with graphical user interface showing my new design;

FIG. 5 is a front view of a fifth embodiment of a display screen or portion thereof with graphical user interface showing my new design; and,

FIG. 6 is a front view of a sixth embodiment of a display screen or portion thereof with graphical user interface showing my new design.

The outermost broken lines in the drawings show a display screen or portion thereof, and form no part of the claimed design. The other broken lines in the figures show portions of the graphical user interface that form no part of the claimed design.

Lines that are currently illustrated as solid (such as any of the solid lines illustrating the text and/or icons) may be redrawn as broken lines, and lines that are currently illus-
