(57) **CLAIM**

What is claimed is the ornamental design for a portion of a display device with a computer-generated icon for a feature control frame creator/editor, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a first embodiment of a portion of a display device with a computer-generated icon for a feature control frame creator/editor; and, FIG. 2 is a front view of a second embodiment of a portion of a display device with a computer-generated icon for a feature control frame creator/editor. The outermost line in each figure shows a portion of a display device. The broken lines showing portions of the computer-generated icon form no part of the claimed design.
