The ornamental design for an electronic device with graphical user interface, as shown and described.

See application file for complete search history.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.
FIG. 1 is a front view of an electronic device with graphical user interface showing the claimed design;
FIG. 2 is a front view of another embodiment of an electronic device with graphical user interface; and,
FIG. 3 is a front view of another embodiment of an electronic device with graphical user interface.
The peripheral dashed broken lines illustrate a display screen or portion thereof, and form no part of the claimed design.
