CLAIM

(57) The ornamental design for a top cap combined with front control for a door panel of a dish treating appliance, as shown and described.

DESCRIPTION

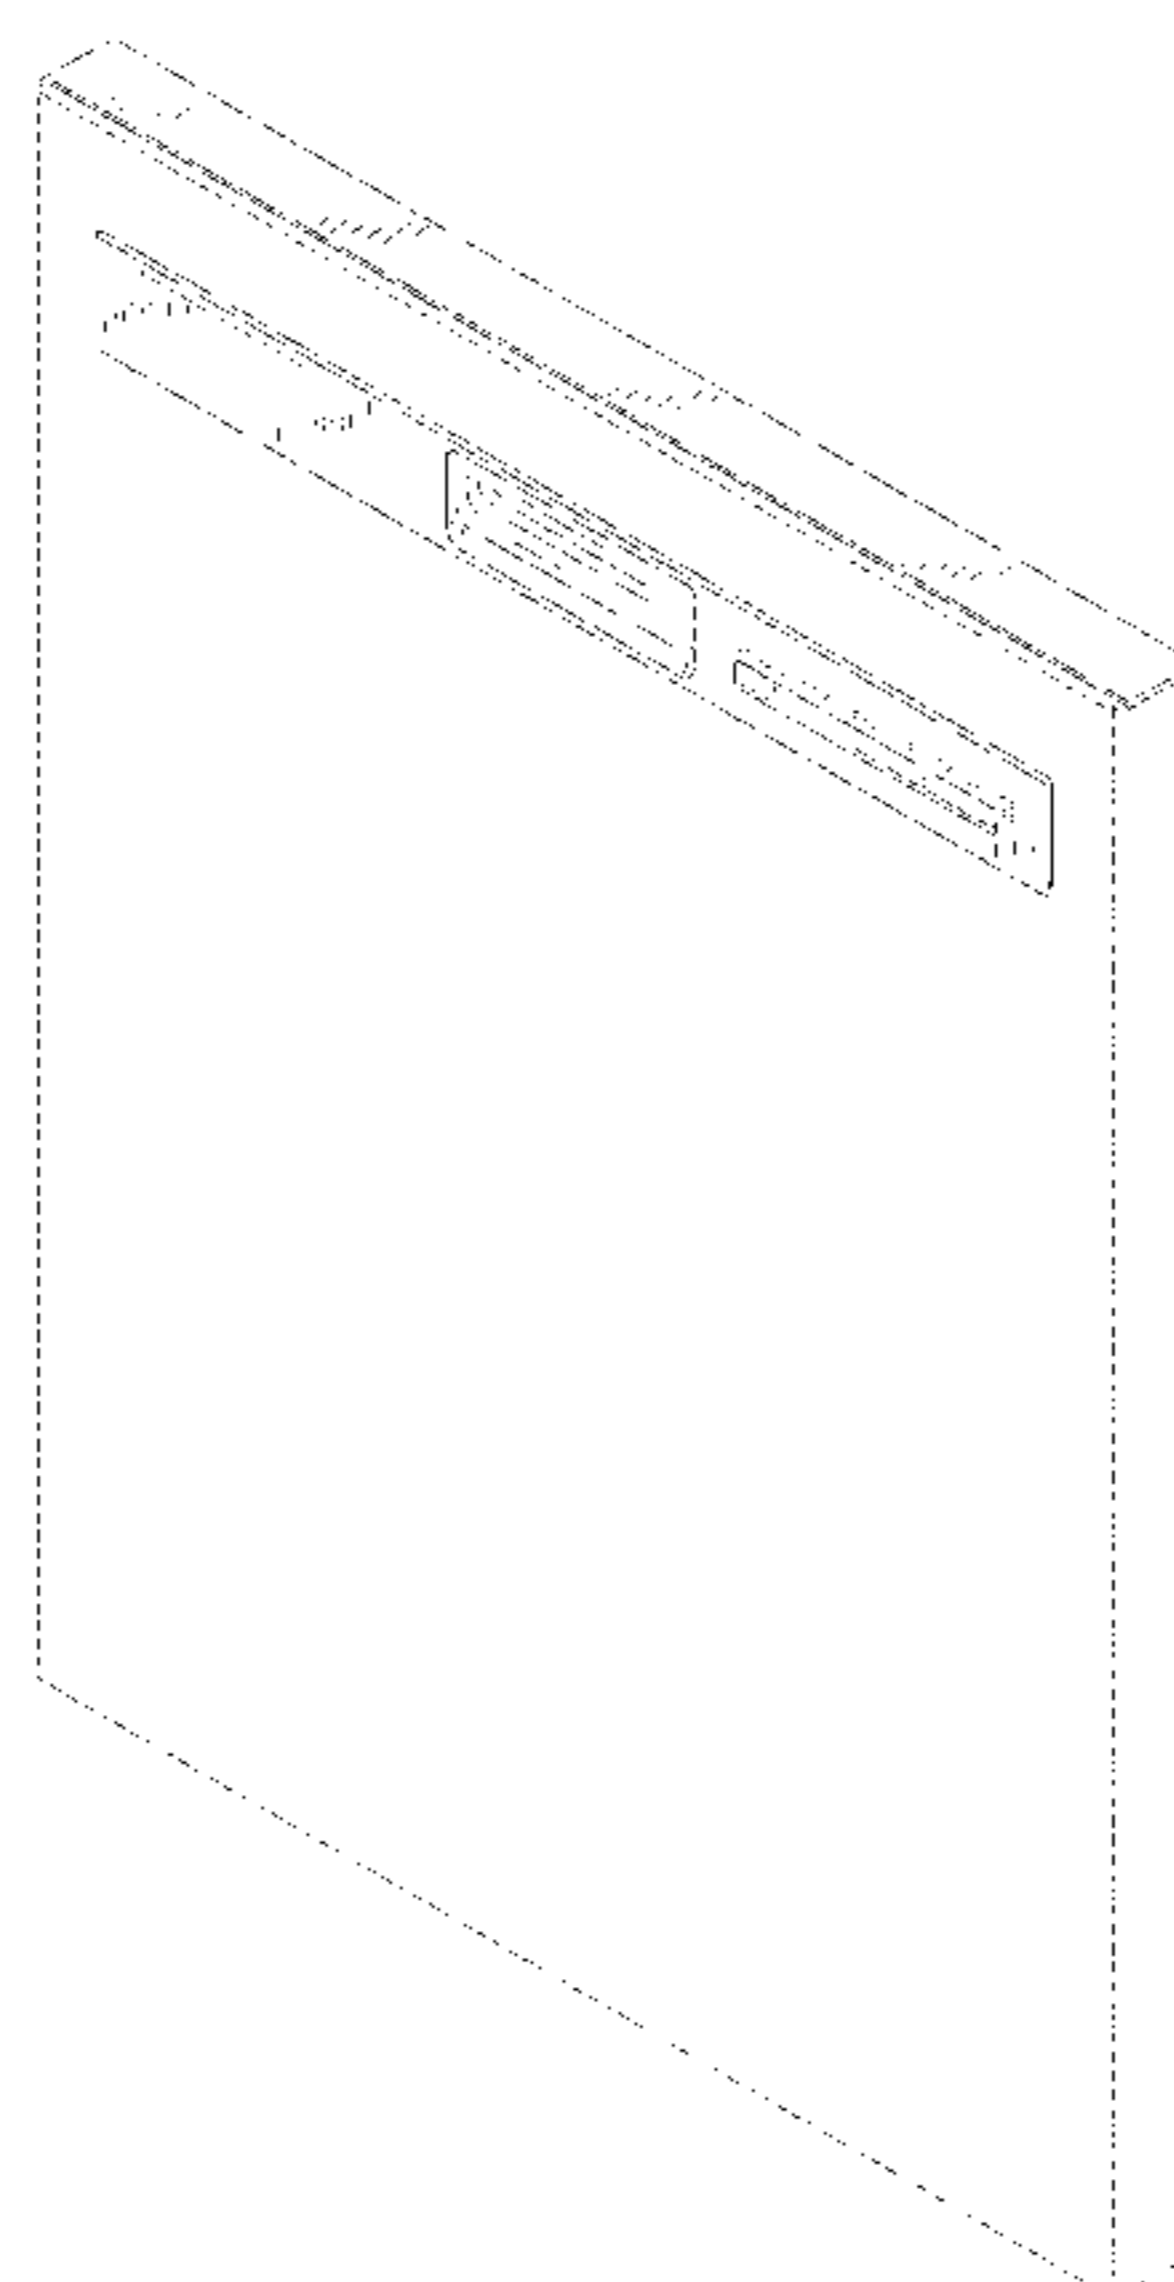

FIG. 1 is a front perspective view of a top cap combined with front control for a door panel of a dish treating appliance showing our new design according to a first aspect; FIG. 2 is a front view of the top cap combined with front control of FIG. 1; FIG. 3 is a top view of the top cap combined with the front control of FIG. 1; and, FIG. 4 is a right side view of top cap combined with the front control of FIG. 1, the left view being a mirror image. The broken lines in the figures illustrate the portions of the design that form no part of the claimed design.
