See application file for complete search history.

FIG. 1 is a perspective view of a translucent embodiment of a disinfecting cap dispenser showing our new design.

FIG. 2 is a front view of the dispenser of FIG. 1.

FIG. 3 is a left side view of the dispenser of FIG. 1. A right side view of the dispenser is a mirror image of the left side view.

FIG. 4 is a rear view of the dispenser of FIG. 1.

FIG. 5 is a bottom view of the dispenser of FIG. 1.

FIG. 6 is a top view of the dispenser of FIG. 1.

FIG. 7 is a front view of the dispenser of FIG. 1 shown with environment subject matter; and,

FIG. 8 is a front view of an opaque embodiment of the disinfecting cap dispenser shown with environmental subject matter.

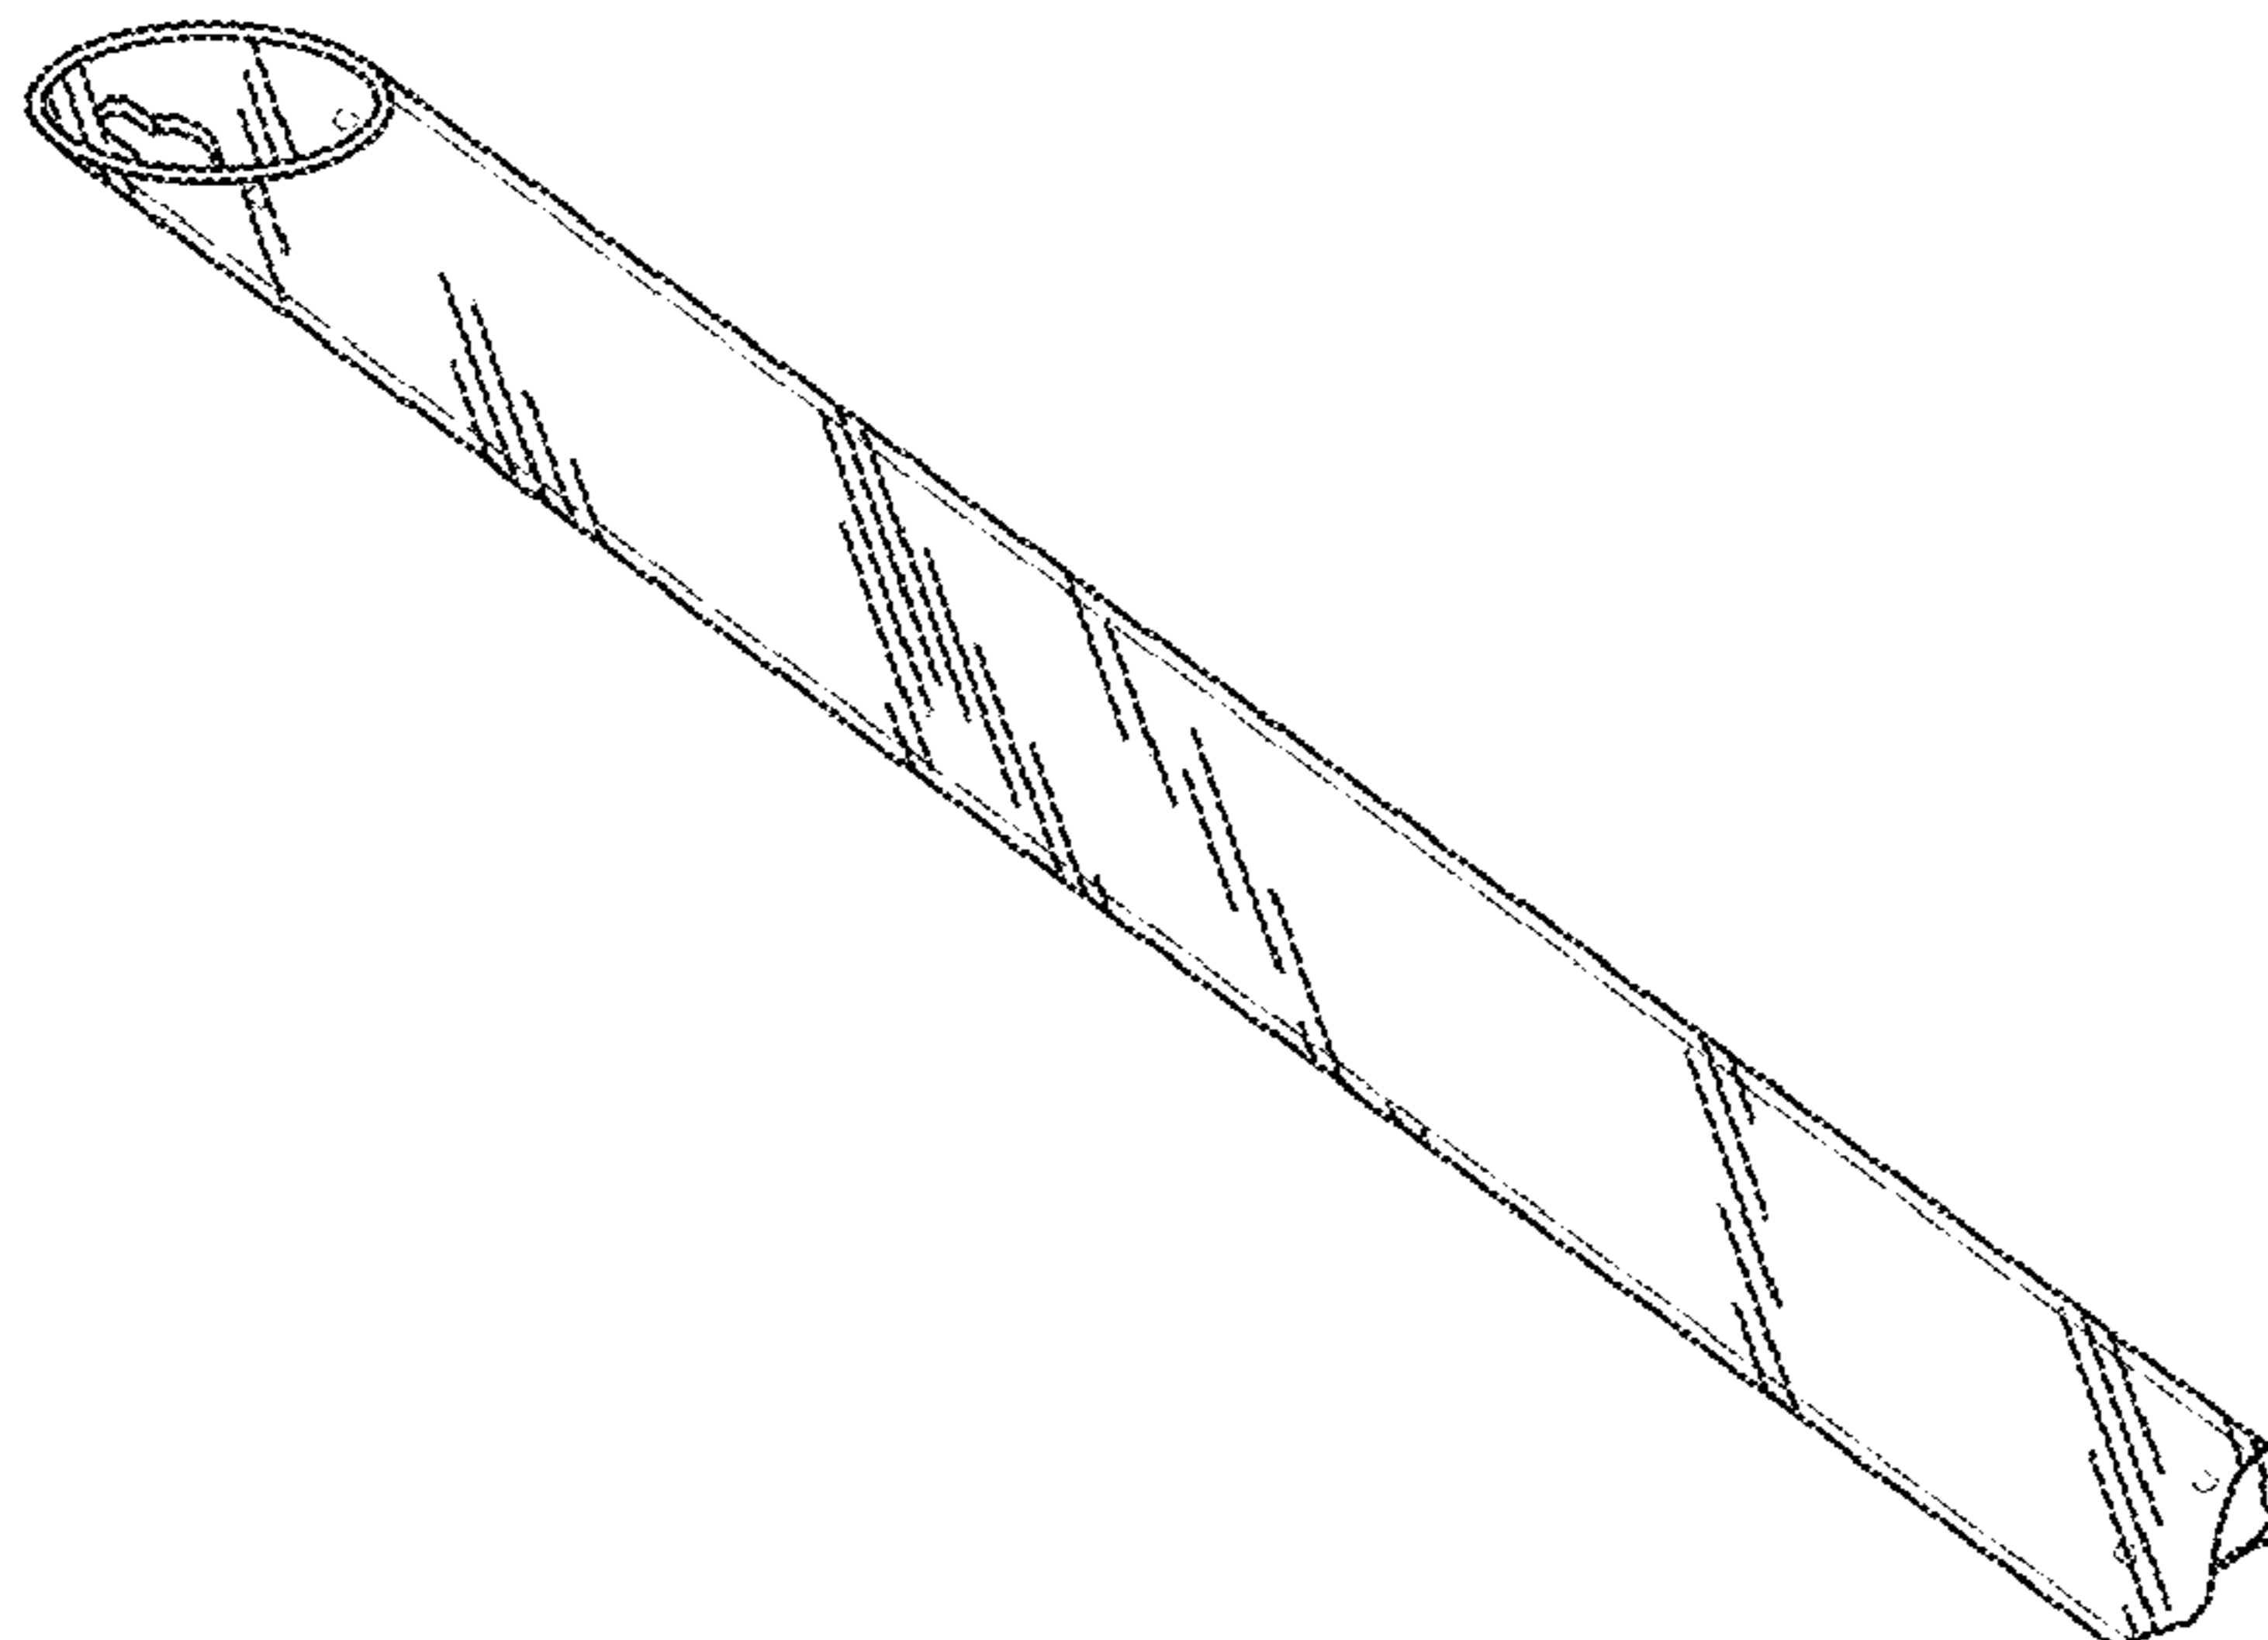

The broken line showing of parts of the drawings is included for the purpose of illustrating use and environment and forms no part of the claimed design. None of the broken lines form any part of the claimed design.
