(57) **CLAIM**

The ornamental design for a hand worn saddle for supporting an electronic module, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a hand worn saddle for supporting an electronic module;
FIG. 2 is a front view of the hand worn saddle for supporting an electronic module;
FIG. 3 is a rear view of the hand worn saddle for supporting an electronic module;
FIG. 4 is a left-side view of the hand worn saddle for supporting an electronic module;
FIG. 5 is a right-side view of the hand worn saddle for supporting an electronic module;
FIG. 6 is a top view of the hand worn saddle for supporting an electronic module; and,
FIG. 7 is a bottom view of the hand worn saddle for supporting an electronic module.
The broken lines are used to illustrate portions of the hand worn saddle for supporting an electronic module that form no part of the claimed design.

1 Claim, 7 Drawing Sheets
