DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or a portion thereof with construction-focused graphical user interface showing my new design according to a first embodiment; and,

FIG. 2 is a front view of a display screen or a portion thereof with construction-focused graphical user interface showing my new design according to a second embodiment.

The outer short-long dashed broken lines in the figures show a display screen or a portion thereof, and form no part of the claimed design.

All other broken lines showing within the graphical user interface form part of the claimed design.
