(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a display screen with graphical user interface, showing the claimed design.

The outermost set of broken lines and the broken line showing of rounded shapes and curved arrow illustrate an electronic device, the broken line at the periphery of the graphical user interface illustrates the display screen, and the broken line showing of text, numbers, icons and symbols illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.
