Primary Examiner — Bao-Yen T Nguyen

(57) **CLAIM**

The ornamental design for a display screen or portion of a device with transitional graphical user interface, as shown and described.

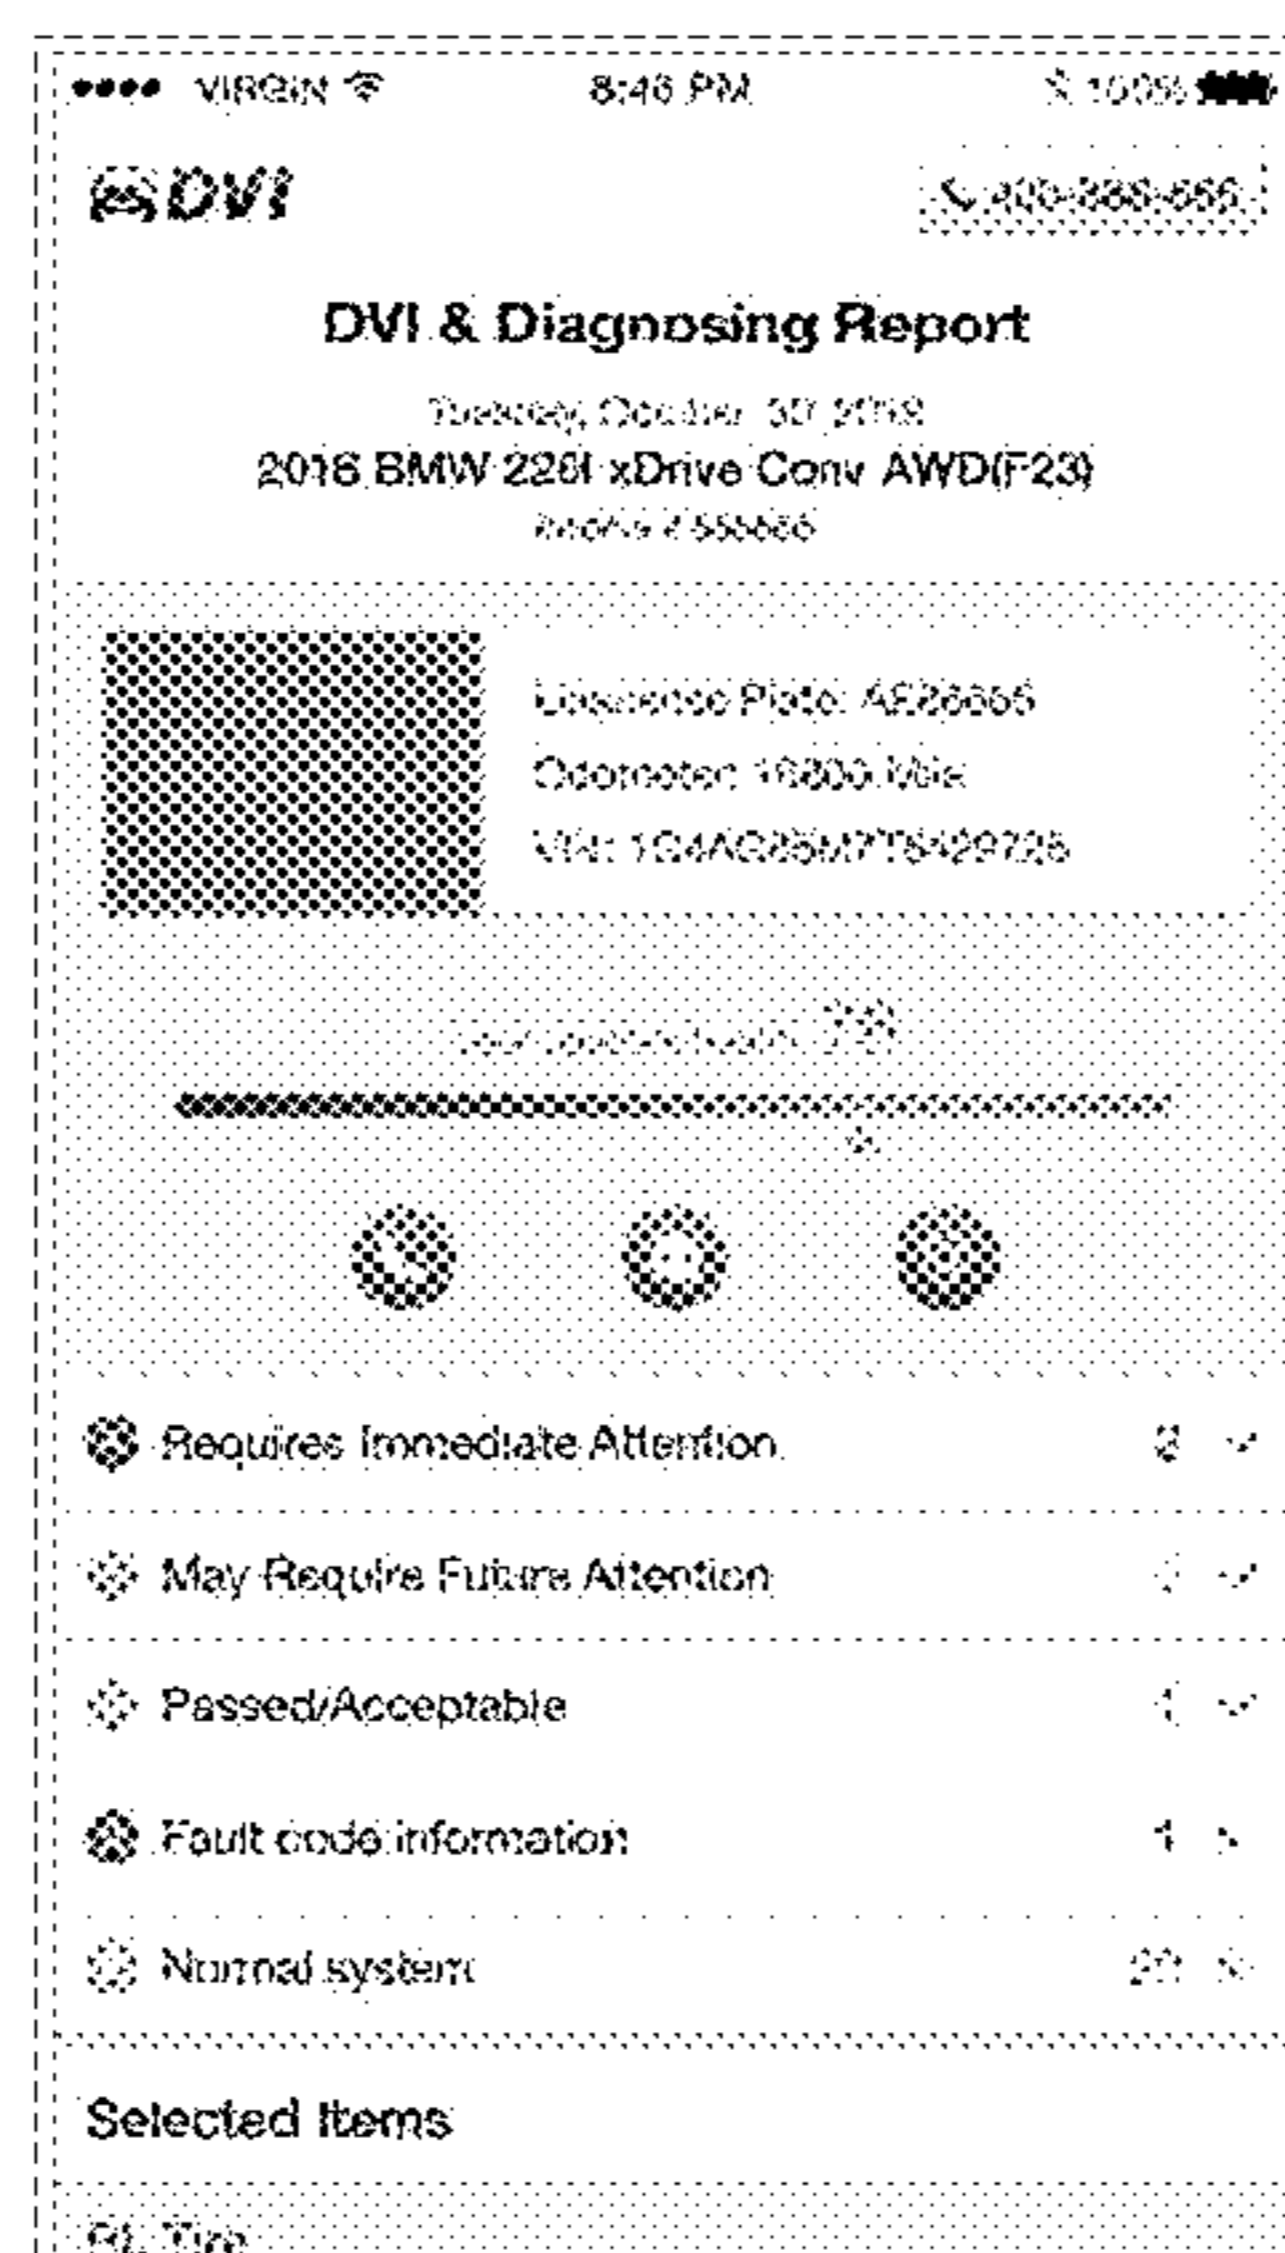

DESCRIPTION

FIG. 1 is a front view of a first image of a display screen or portion of a device with transitional graphical user interface; FIG. 2 is a front view of a second image thereof; FIG. 3 is a front view of a third image thereof; FIG. 4 is a front view of a fourth image view thereof; FIG. 5 is a front view of a fifth image thereof; and, FIG. 6 is a front view of a sixth image thereof.

The broken line shown in FIGS. 1-6 is included for the purpose of showing a portion of a display screen and forms no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-6. The process or period in which one image transitions to another image forms no part of the claimed design.

1 Claim, 6 Drawing Sheets
