(57) **CLAIM**

What is claimed is the ornamental design for a portion of a display device with a computer-generated icon for a feature control frame creator/editor, as shown and described.

DESCRIPTION

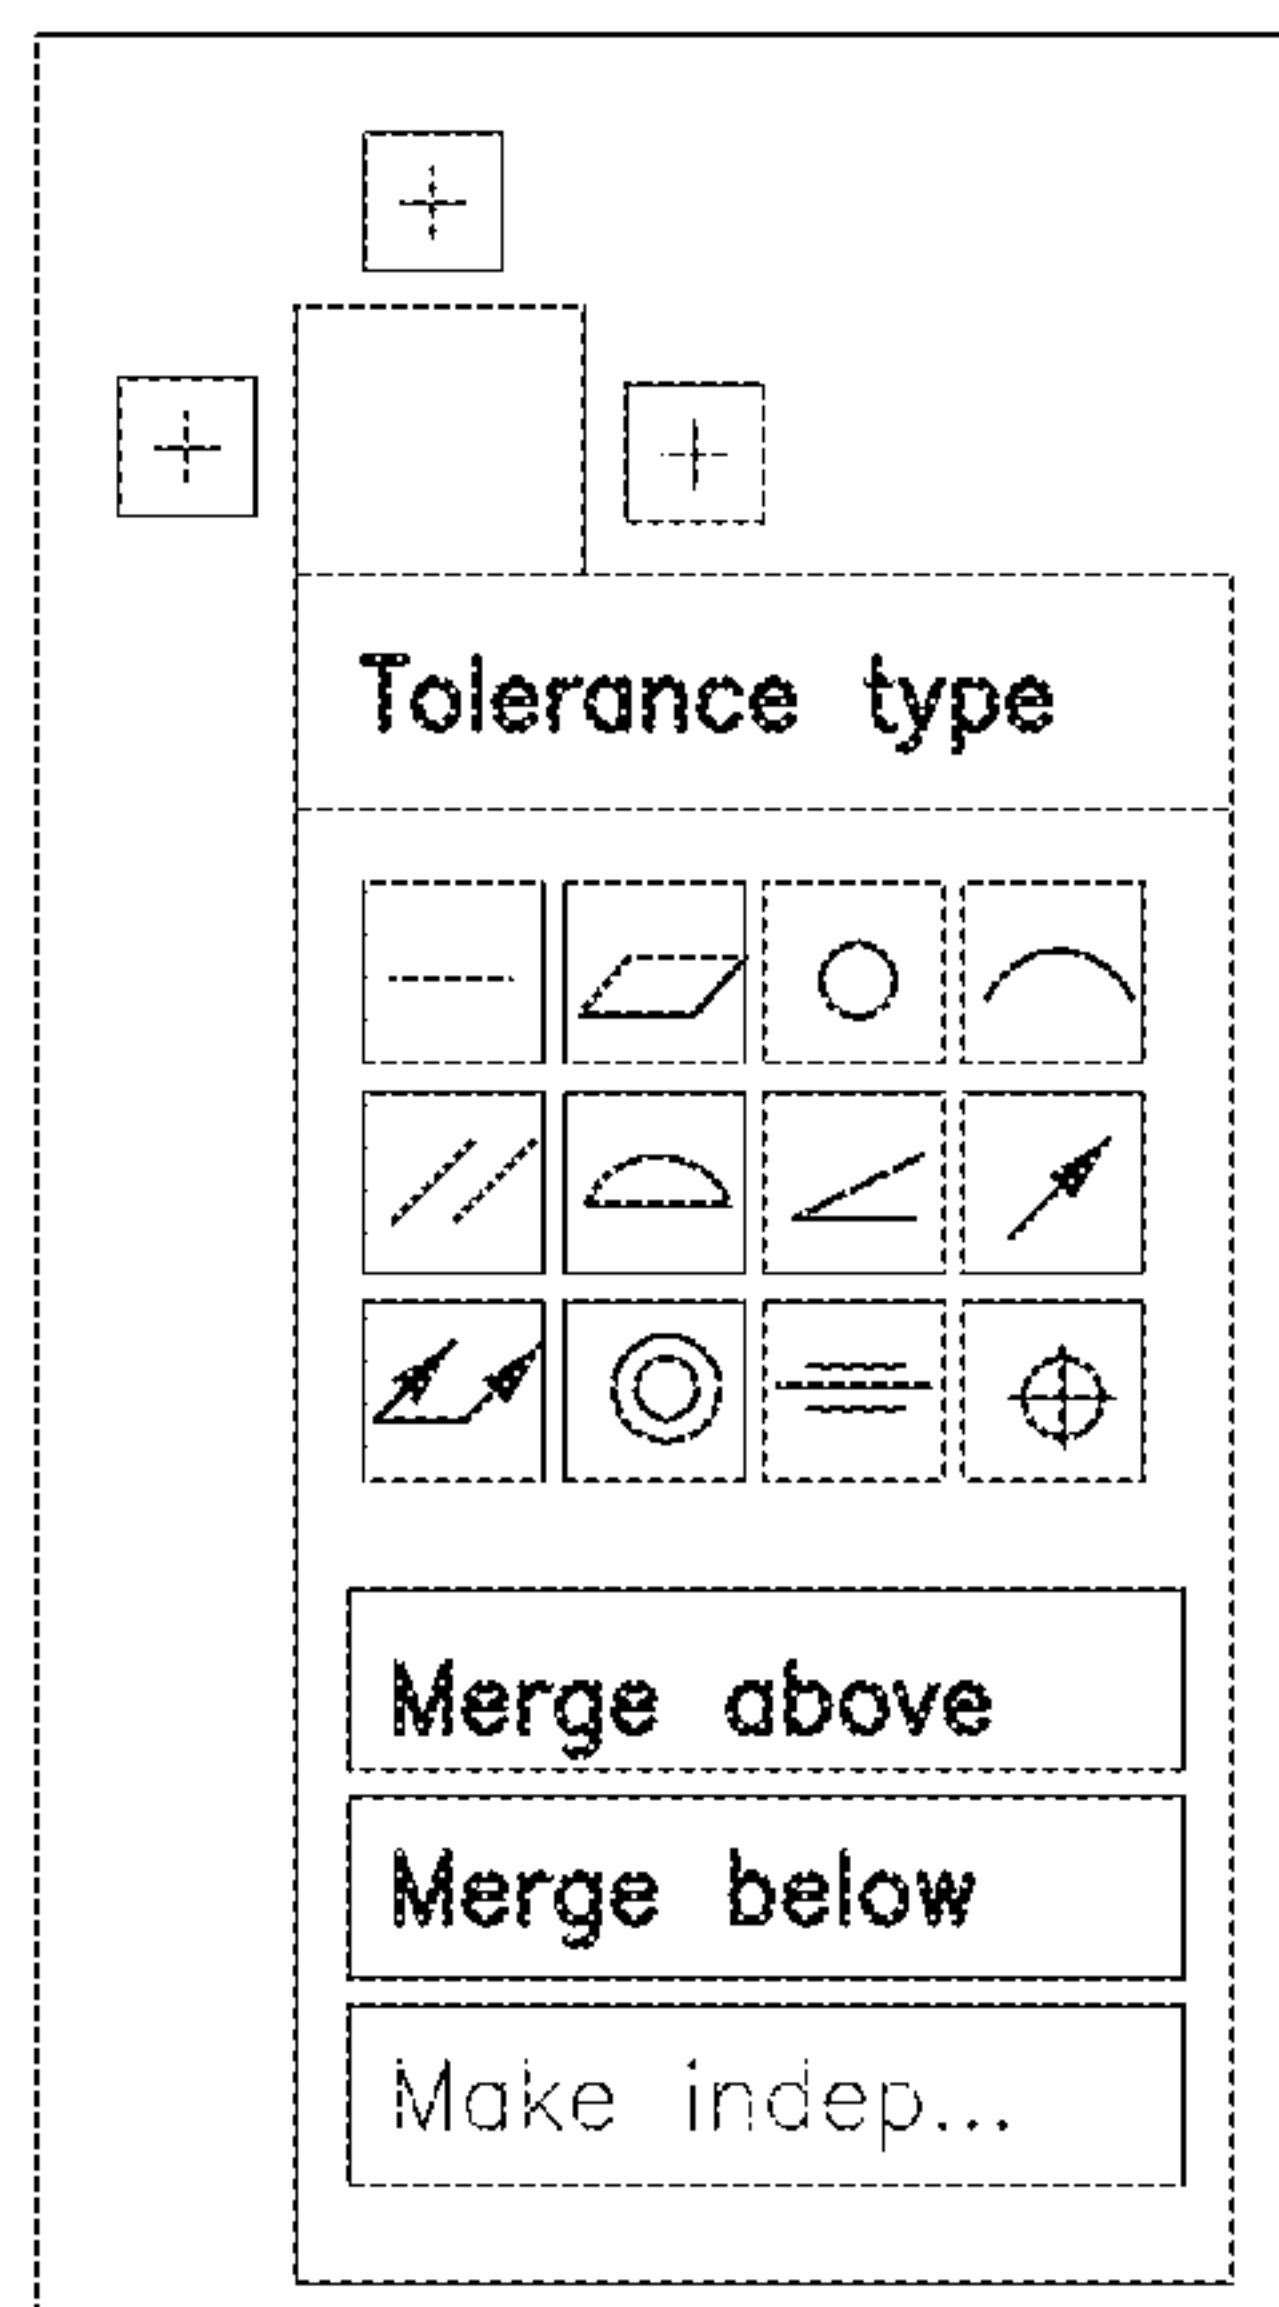

FIG. 1 is a front view of a first embodiment of a portion of a display device with a computer-generated icon for a feature control frame creator/editor; and,

FIG. 2 is a front view of a second embodiment of a portion of a display device with a computer-generated icon for a feature control frame creator/editor.

The outermost line in each figure shows a portion of a display device.

The broken lines showing portions of the computer-generated icon form no part of the claimed design.

1 Claim, 2 Drawing Sheets
