(57) **CLAIM**
The ornamental design for a gaming machine display screen with graphical user interface, as shown and described herein.

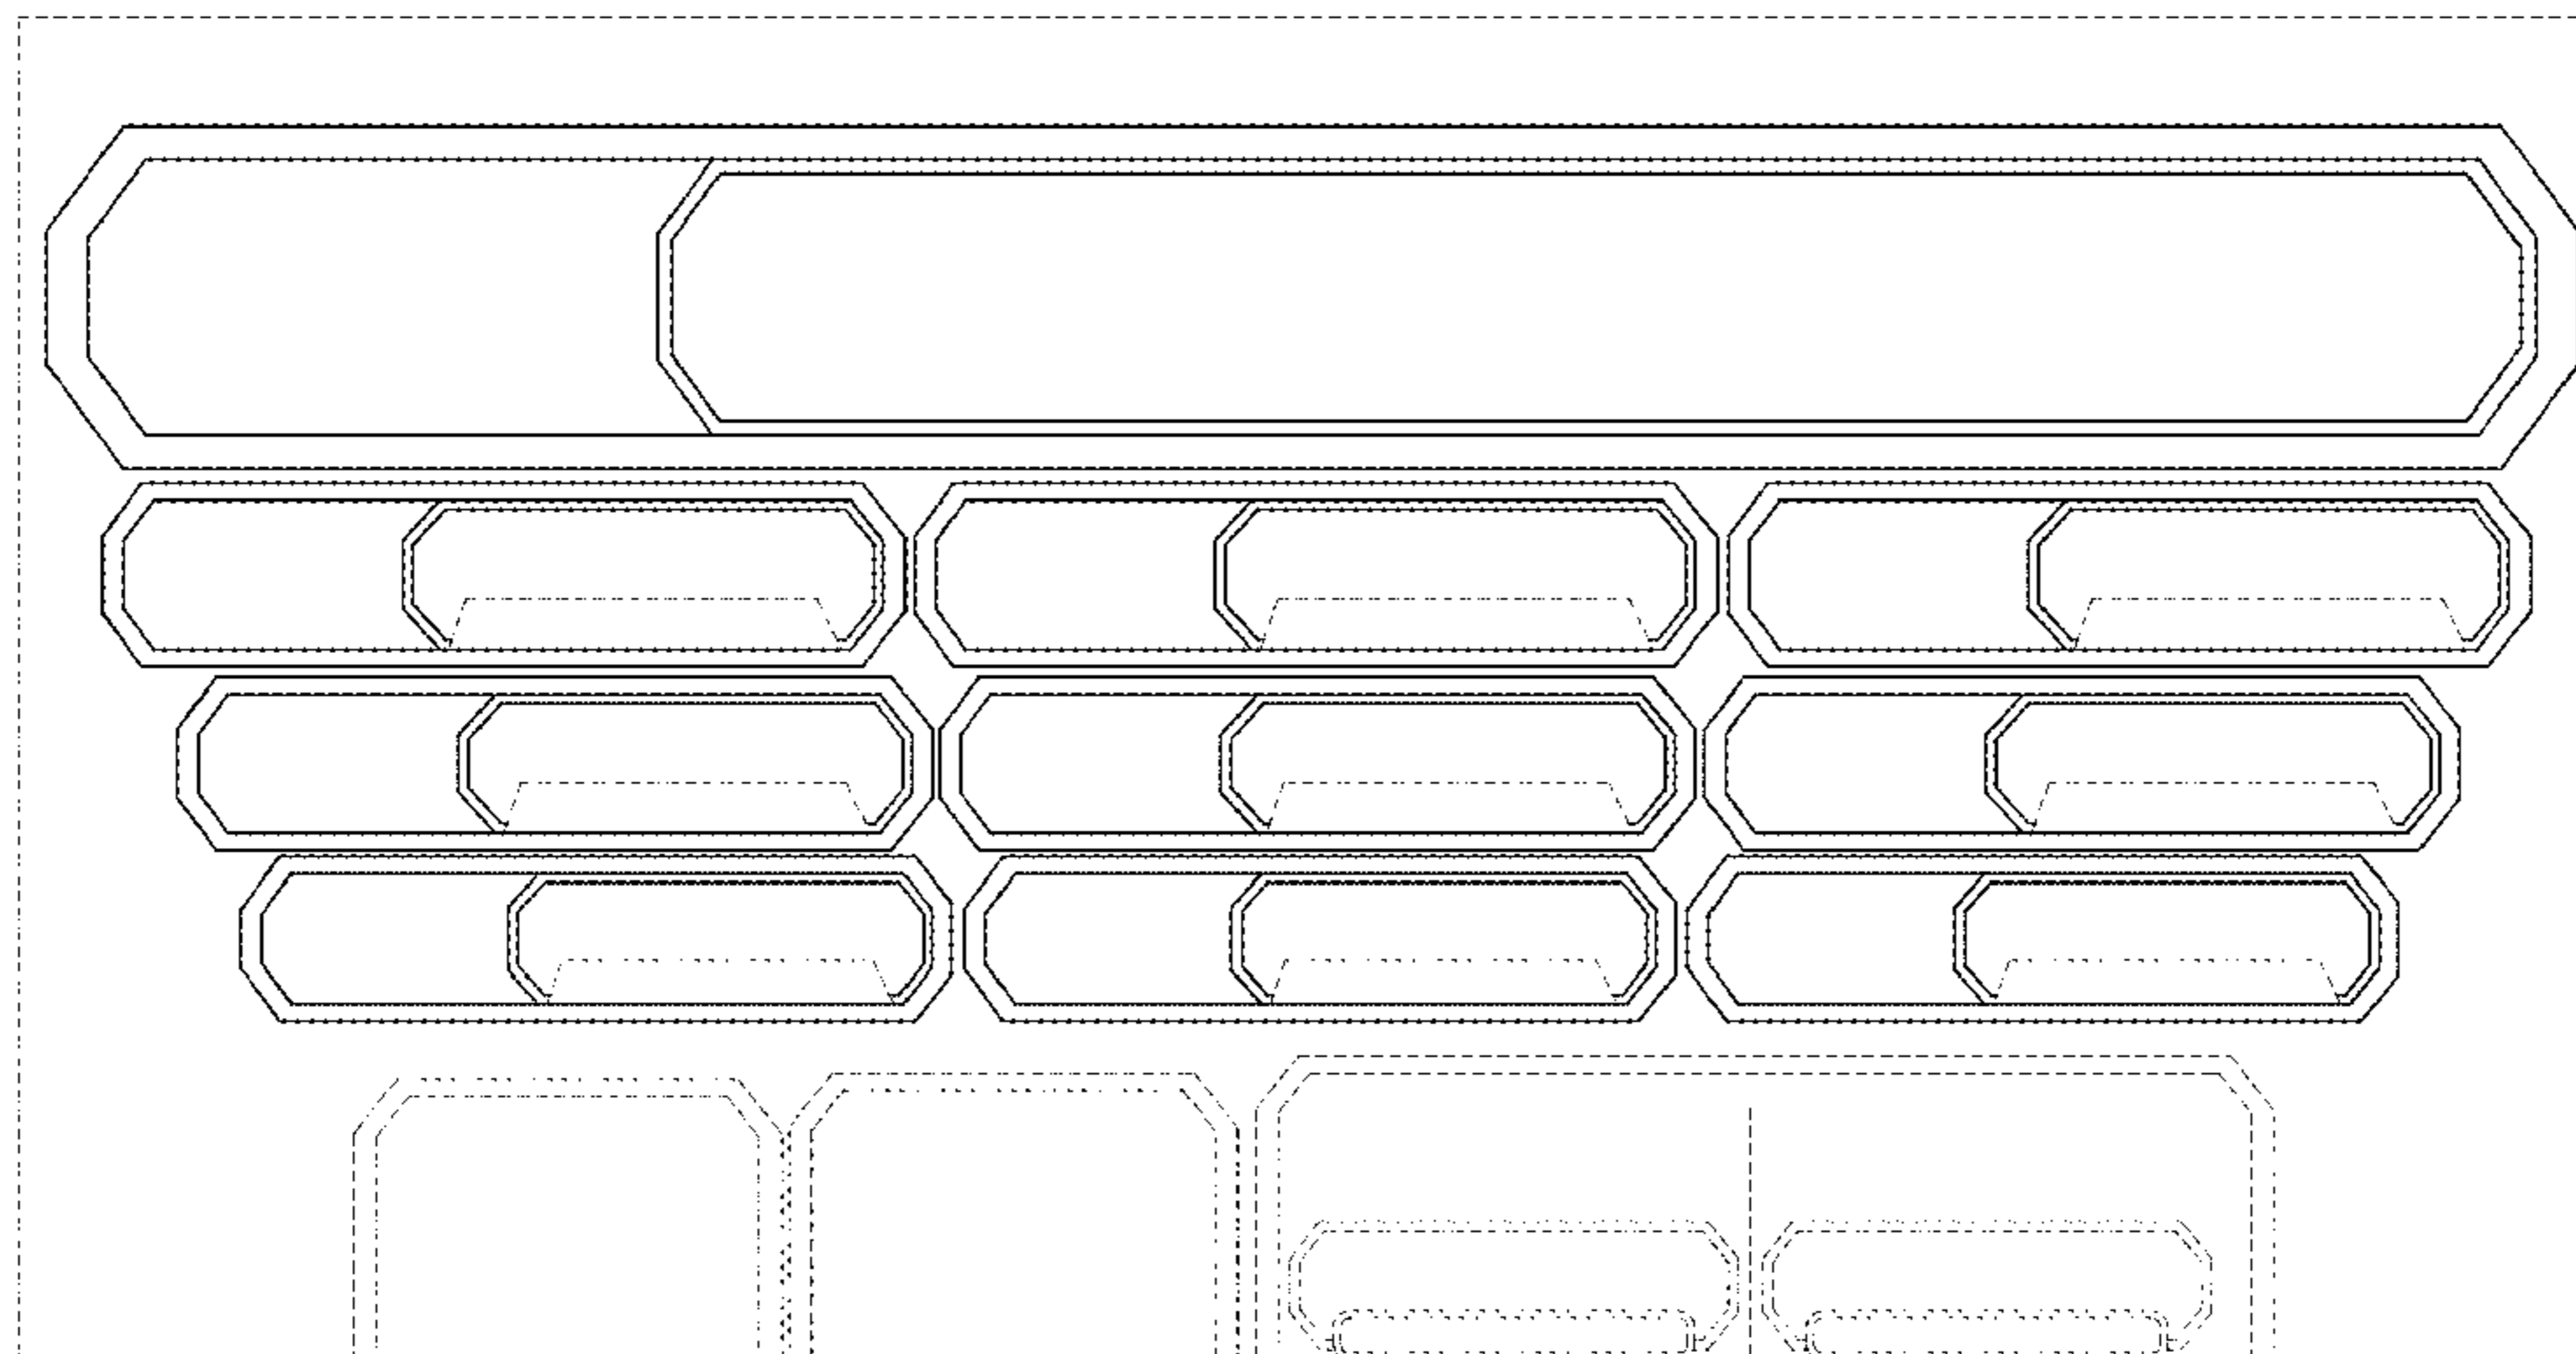

DESCRIPTION

FIG. 1 is a front view of a gaming machine display screen with graphical user interface showing a first embodiment of our new design.
FIG. 2 is a front view of a gaming machine display screen with graphical user interface showing a second embodiment of our new design.
FIG. 3 is a front view of a gaming machine display screen with graphical user interface showing a third embodiment of our new design.
FIG. 4 is a front view of a gaming machine display screen with graphical user interface showing a fourth embodiment of our new design.
FIG. 5 is a front view of a gaming machine display screen with graphical user interface showing a fifth embodiment of our new design.
FIG. 6 is a front view of a gaming machine display screen with graphical user interface showing a sixth embodiment of our new design.
FIG. 7 is a front view of a gaming machine display screen with graphical user interface showing a seventh embodiment of our new design; and,
FIG. 8 is a front view of a gaming machine display screen with graphical user interface showing an eighth embodiment of our new design.
The broken line showing of a gaming machine display screen and portions of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design.
