(57) **CLAIM**

We claim the ornamental design for a dashboard with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a dashboard with graphical user interface in which the dashboard is fully opened showing our new design;

FIG. 2 is an enlarged view of the portion 2 in FIG. 1;

FIG. 3 is an enlarged view of the left portion of the graphical user interface in FIG. 2; and,

FIG. 4 is an enlarged view of the right portion of the graphical user interface in FIG. 2.

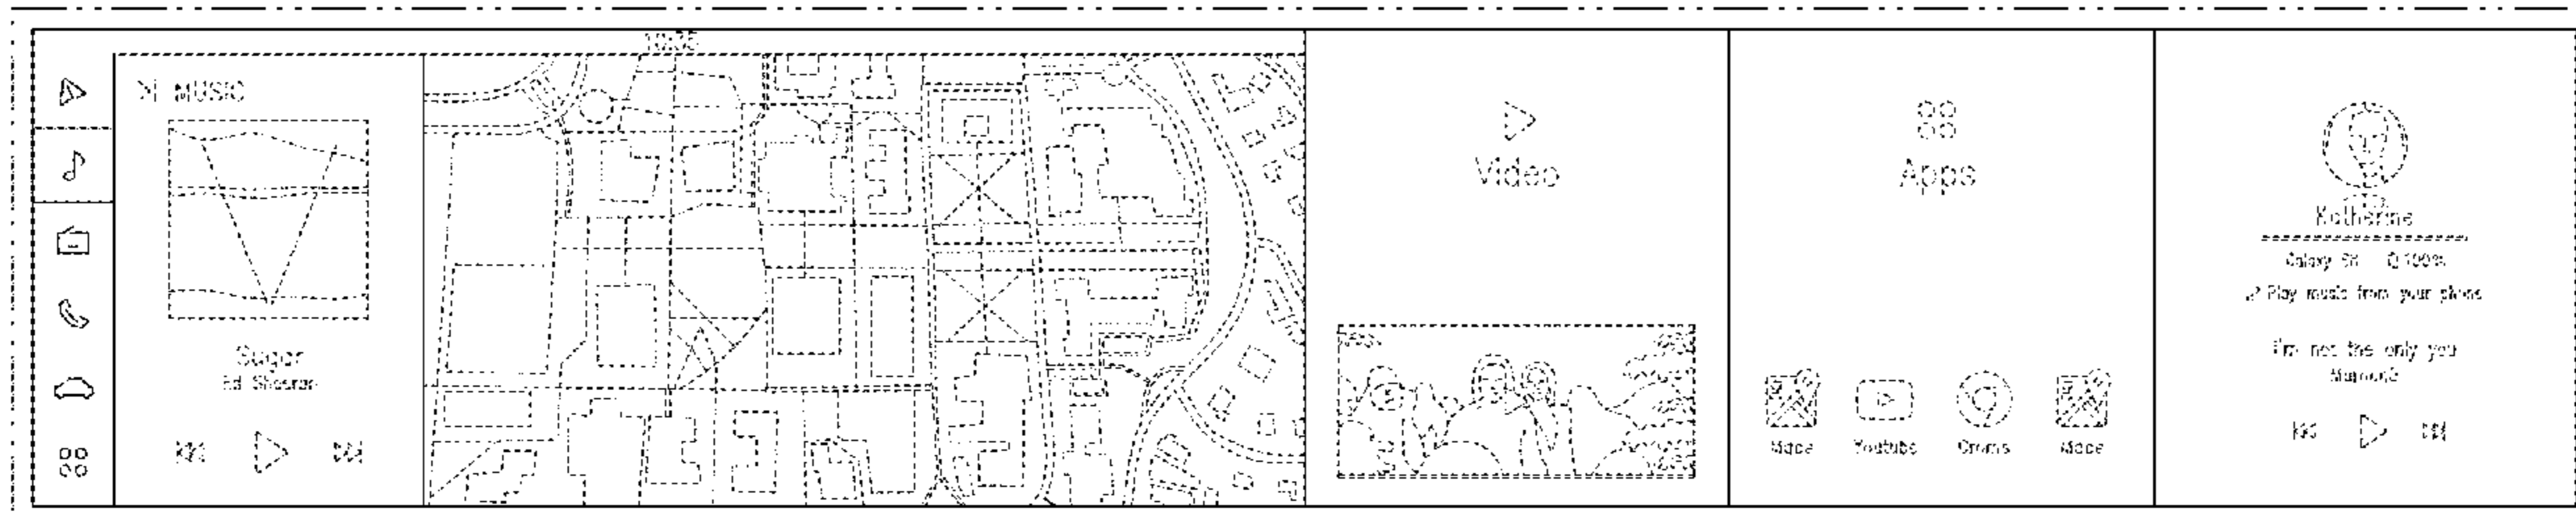

The evenly-dashed broken lines in the figures depict portions of the dashboard with graphical user interface which form no part of the claimed design.

The dot-dot-dash broken lines indicate portions of the claimed design that are illustrated in enlargements. The dot-dot-dash broken lines form no part of the claimed design.

The outermost perimeter rectangular solid-line frame enclosing the graphical user interfaces illustrates a display screen.

The icons shown in a column at the left edge of the display screen in FIGS. 1-3 are included in the claimed design.

1 Claim, 4 Drawing Sheets
