(57) **CLAIM**

The ornamental design for a tripod attachment for a mobile device case, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective back view of a tripod attachment for a mobile device case showing our new design.

FIG. 2 is a perspective front view of the tripod attachment for a mobile device case.

FIG. 3 is an elevational front view of the tripod attachment for a mobile device case.

FIG. 4 is an elevational back view of the tripod attachment for a mobile device case.

FIG. 5 is a bottom plan view of the tripod attachment for a mobile device case.

FIG. 6 is an elevational left side view of the tripod attachment for a mobile device case.

FIG. 7 is an elevational right side view of the tripod attachment for a mobile device case.

FIG. 8 is an elevational front view of the tripod attachment for a mobile device case in a second configuration.

FIG. 9 is an elevational back view of the tripod attachment for a mobile device case in the second configuration.

FIG. 10 is a top plan view of the tripod attachment for a mobile device case in the second configuration.

FIG. 11 is an elevational right side view of the tripod attachment for a mobile device case in the second configuration.

FIG. 12 is a perspective front view of the tripod attachment for a mobile device case in the second configuration; and, FIG. 13 is a perspective back view of the tripod attachment for a mobile device case in the second configuration.

The broken lines in the drawings are for the purposes of depicting parts of the tripod attachment for a mobile device case that form no part of the claimed design.
