(57) **CLAIM**

The ornamental design for a light device having a solar panel, as shown and described.

**DESCRIPTION**

FIG. 1 illustrates a top perspective view of the light device having a solar panel according to my new design. FIG. 2 illustrates a front elevational view of the light device. FIG. 3 illustrates a rear elevational view of the light device. FIG. 4 illustrates a right side view of the light device. FIG. 5 illustrates a left side elevational view of the light device. FIG. 6 illustrates a top plan view of the light device; and, FIG. 7 illustrates a bottom plan of the light device. The broken lines in the drawings depict portions of the lighting device that form no part of the claimed design.
