(57) **CLAIM**

The ornamental design of a device for connecting a deck ledger board to a building through a masonry veneered wall, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a device for connecting a deck ledger board to a building through a masonry veneered wall showing our new design;

FIG. 2 is a top view thereof, the bottom view being a mirror image;

FIG. 3 is a left view thereof, the opposite right view being a mirror image;

FIG. 4 is a side view thereof; and,

FIG. 5 is an opposite side view thereof.

The broken line showing in FIG. 5 is included for the purpose of illustrating portions of the device for connecting a deck ledge board to a building through a masonry veneered wall that form no part of the claimed design.
