DESCRIPTION

(56) **References Cited**

We claim the ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

The sole FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The outermost broken lines in the FIGURE show a display screen or portion thereof and form no part of the claimed design. The remainder of the broken lines in the FIGURE depict portions of the graphical user interface and form no part of the claimed design.
