DESCRIPTION

See application file for complete search history.

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen with graphical user interface for a glucose management system showing our new design; and,

FIG. 2 is a front view of a second embodiment thereof.

The outer broken lines illustrate a portion of a display screen and form no part of the claimed design. The text and numerals in the graphical user interface shown in broken line form no part of the claimed design. The gray vertical dotted line shown in the graphical user interface forms part of the claimed design.
