(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

This patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of an embodiment of the display screen with graphical user interface; and,

FIG. 2 is a front view of an embodiment of the display screen with graphical user interface.

The broken lines showing a display screen illustrate portions of the article, and form no part of the claimed design.
