(57) **CLAIM**

I claim the ornamental design for a wearable massager, as shown and described.

DESCRIPTION

FIG. 1 is a top right perspective view of a wearable massager embodying the new design showing a connector attached to the body of the wearable massager.

FIG. 2 is a bottom left perspective view of the wearable massager embodying the new design showing the connector attached to the body of the wearable massager.

FIG. 3 is a top plan view of the wearable massager embodying the new design showing the connector attached to the body of the wearable massager.

FIG. 4 is a bottom plan view of the wearable massager embodying the new design showing the connector attached to the body of the wearable massager.

FIG. 5 is a rear view of the wearable massager embodying the new design showing the connector attached to the body of the wearable massager.

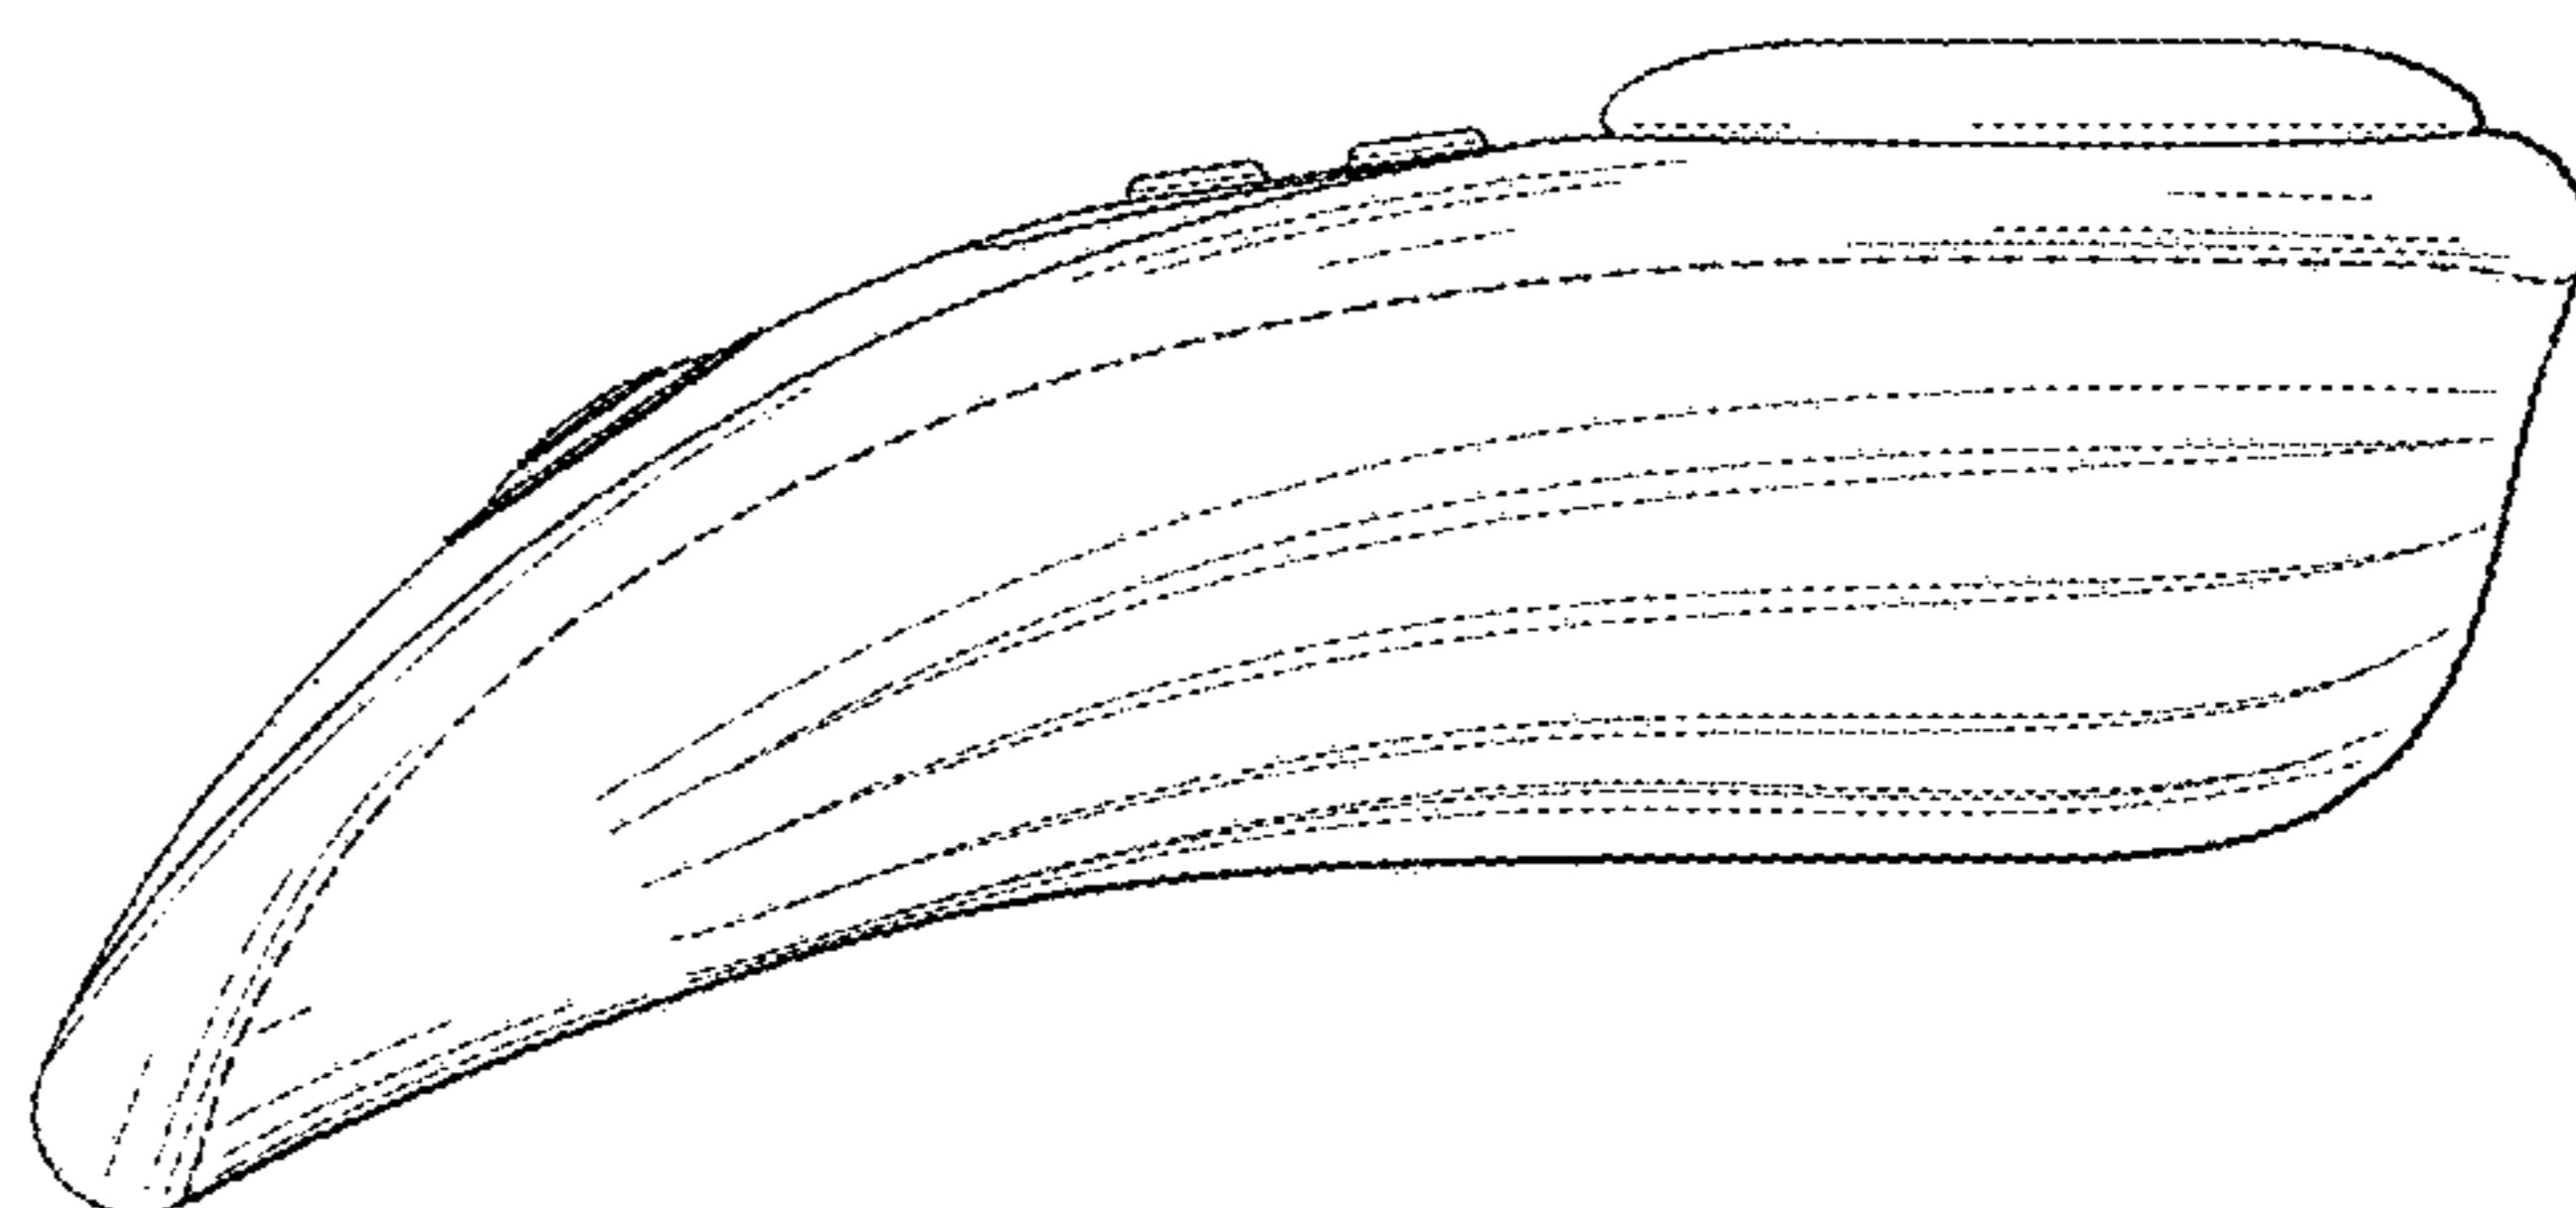

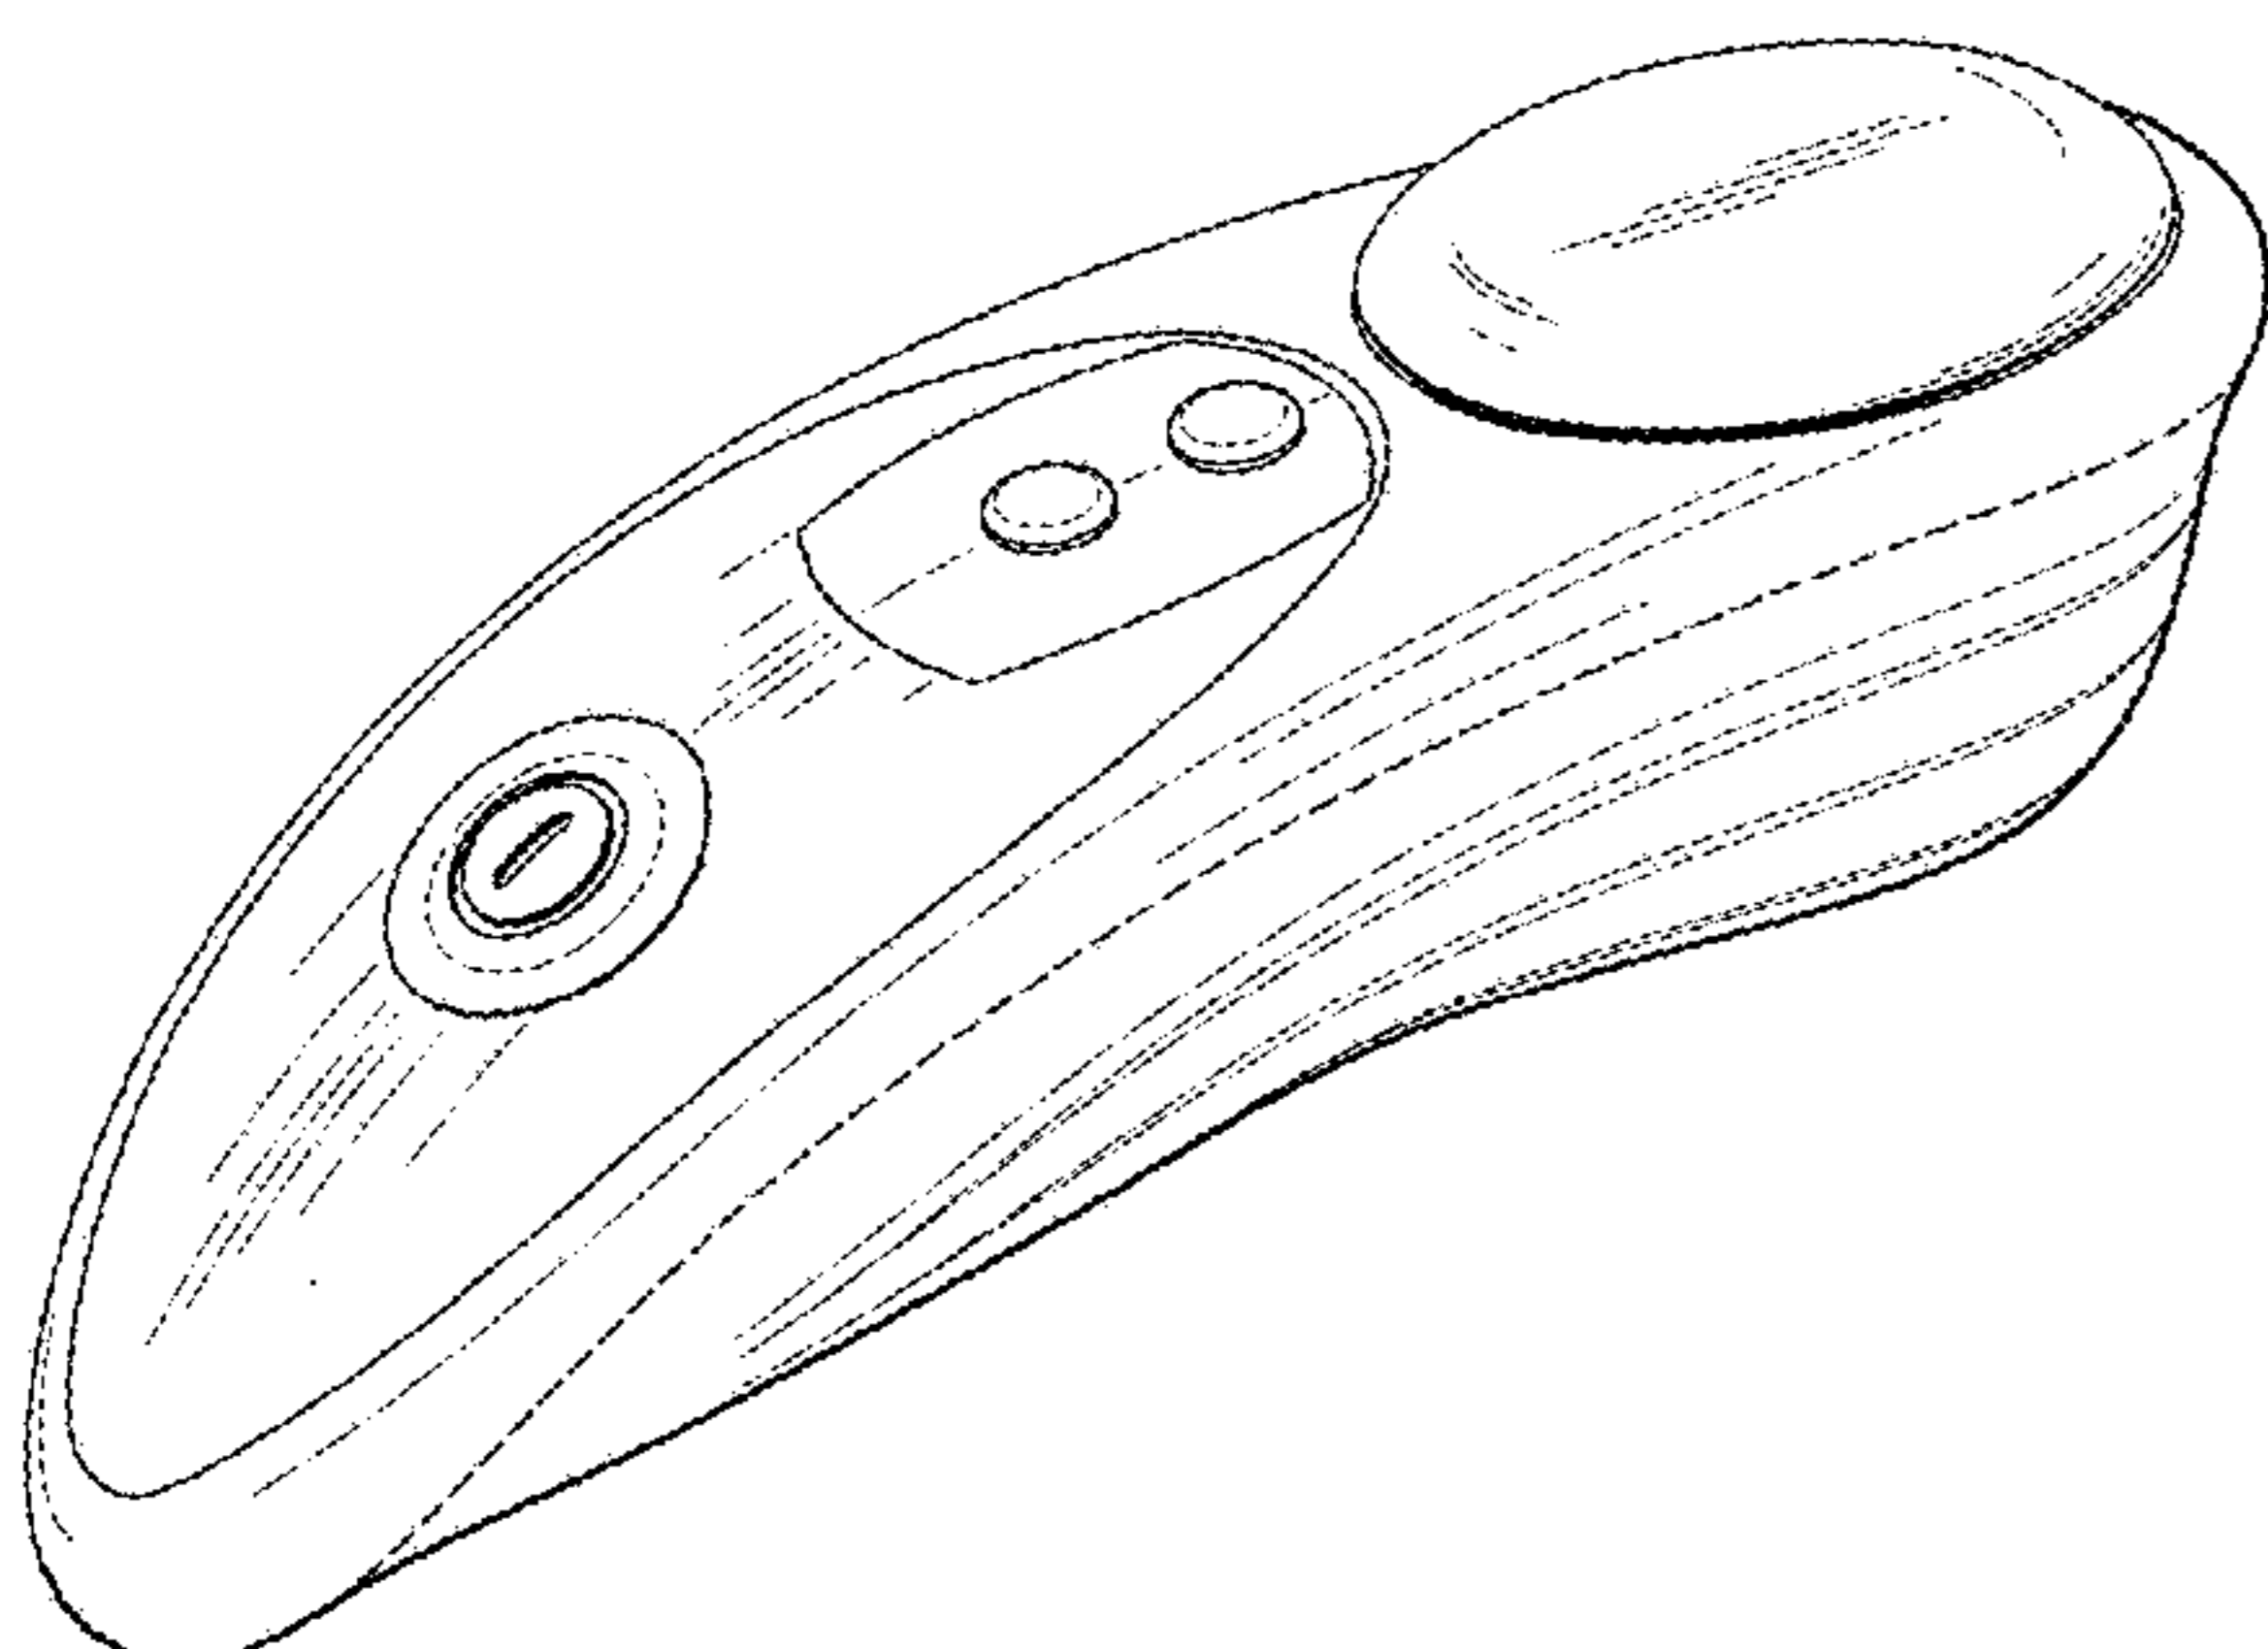

FIG. 6 is a front view of the wearable massager embodying the new design showing the connector attached to the body of the wearable massager.

FIG. 7 is a right side view of the wearable massager (which is a mirror image of the left side view) embodying the new design showing the connector attached to the body of the wearable massager; and,

FIG. 8 is an exploded top front perspective view of a wearable massager embodying the new design showing a connector detached from the body of the wearable massager. The shading lines shown in the drawings represent the approximate three-dimensional contour of the design, and are not intended to indicate surface decoration.

The broken line showing(s) illustrate portions of the wearable massager that form no part of the claimed design.
