CLAIM

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 shows a display screen or portion thereof with a graphical user interface; and,

FIG. 2 shows an alternative embodiment of a display screen or portion thereof with a graphical user interface.

The outermost broken line in each figure illustrates a display screen or portion thereof, which forms no part of the claimed design. The remaining broken lines illustrate portions of the graphical user interface that form no part of the claimed design.

The grayscale contrast in FIG. 2 illustrates a contrast in appearance only and does not represent a particular color, texture, or material. No particular color or shade is claimed in FIG. 2.
