(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a display screen with a first embodiment of a graphical user interface showing our new design, a mirror image thereof being a second embodiment of the graphical user interface.  
The broken lines represent portions of the graphical user interface that form no part of the claimed design.  
The dash dot broken lines show a display screen that forms no part of the claimed design.
