(57) **CLAIM**

We claim the ornamental design for a rangefinder display screen, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first embodiment of the rangefinder display screen showing our new design. FIG. 2 is a front view of the second embodiment of the rangefinder display screen thereof. FIG. 3 is a left rear perspective view of the rangefinder display screen in FIG. 2 shown in a use configuration within an environment; and, FIG. 4 is a right front perspective view of the rangefinder display screen of FIG. 2 shown in a use configuration within an environment. The broken lines in FIGS. 1 and 2 depict portions of the range finder display screen that form no part of the claimed design. The broken lines in FIGS. 3 and 4 depict environmental subject matter that form no part of the claimed design. The oblique shade lines in the drawings depict a surface that is transparent.
