(57) **CLAIM**

The ornamental design for display screen with graphical
user interface, as shown and described.

DESCRIPTION

Display screen with graphical user interface

1.1 : Front

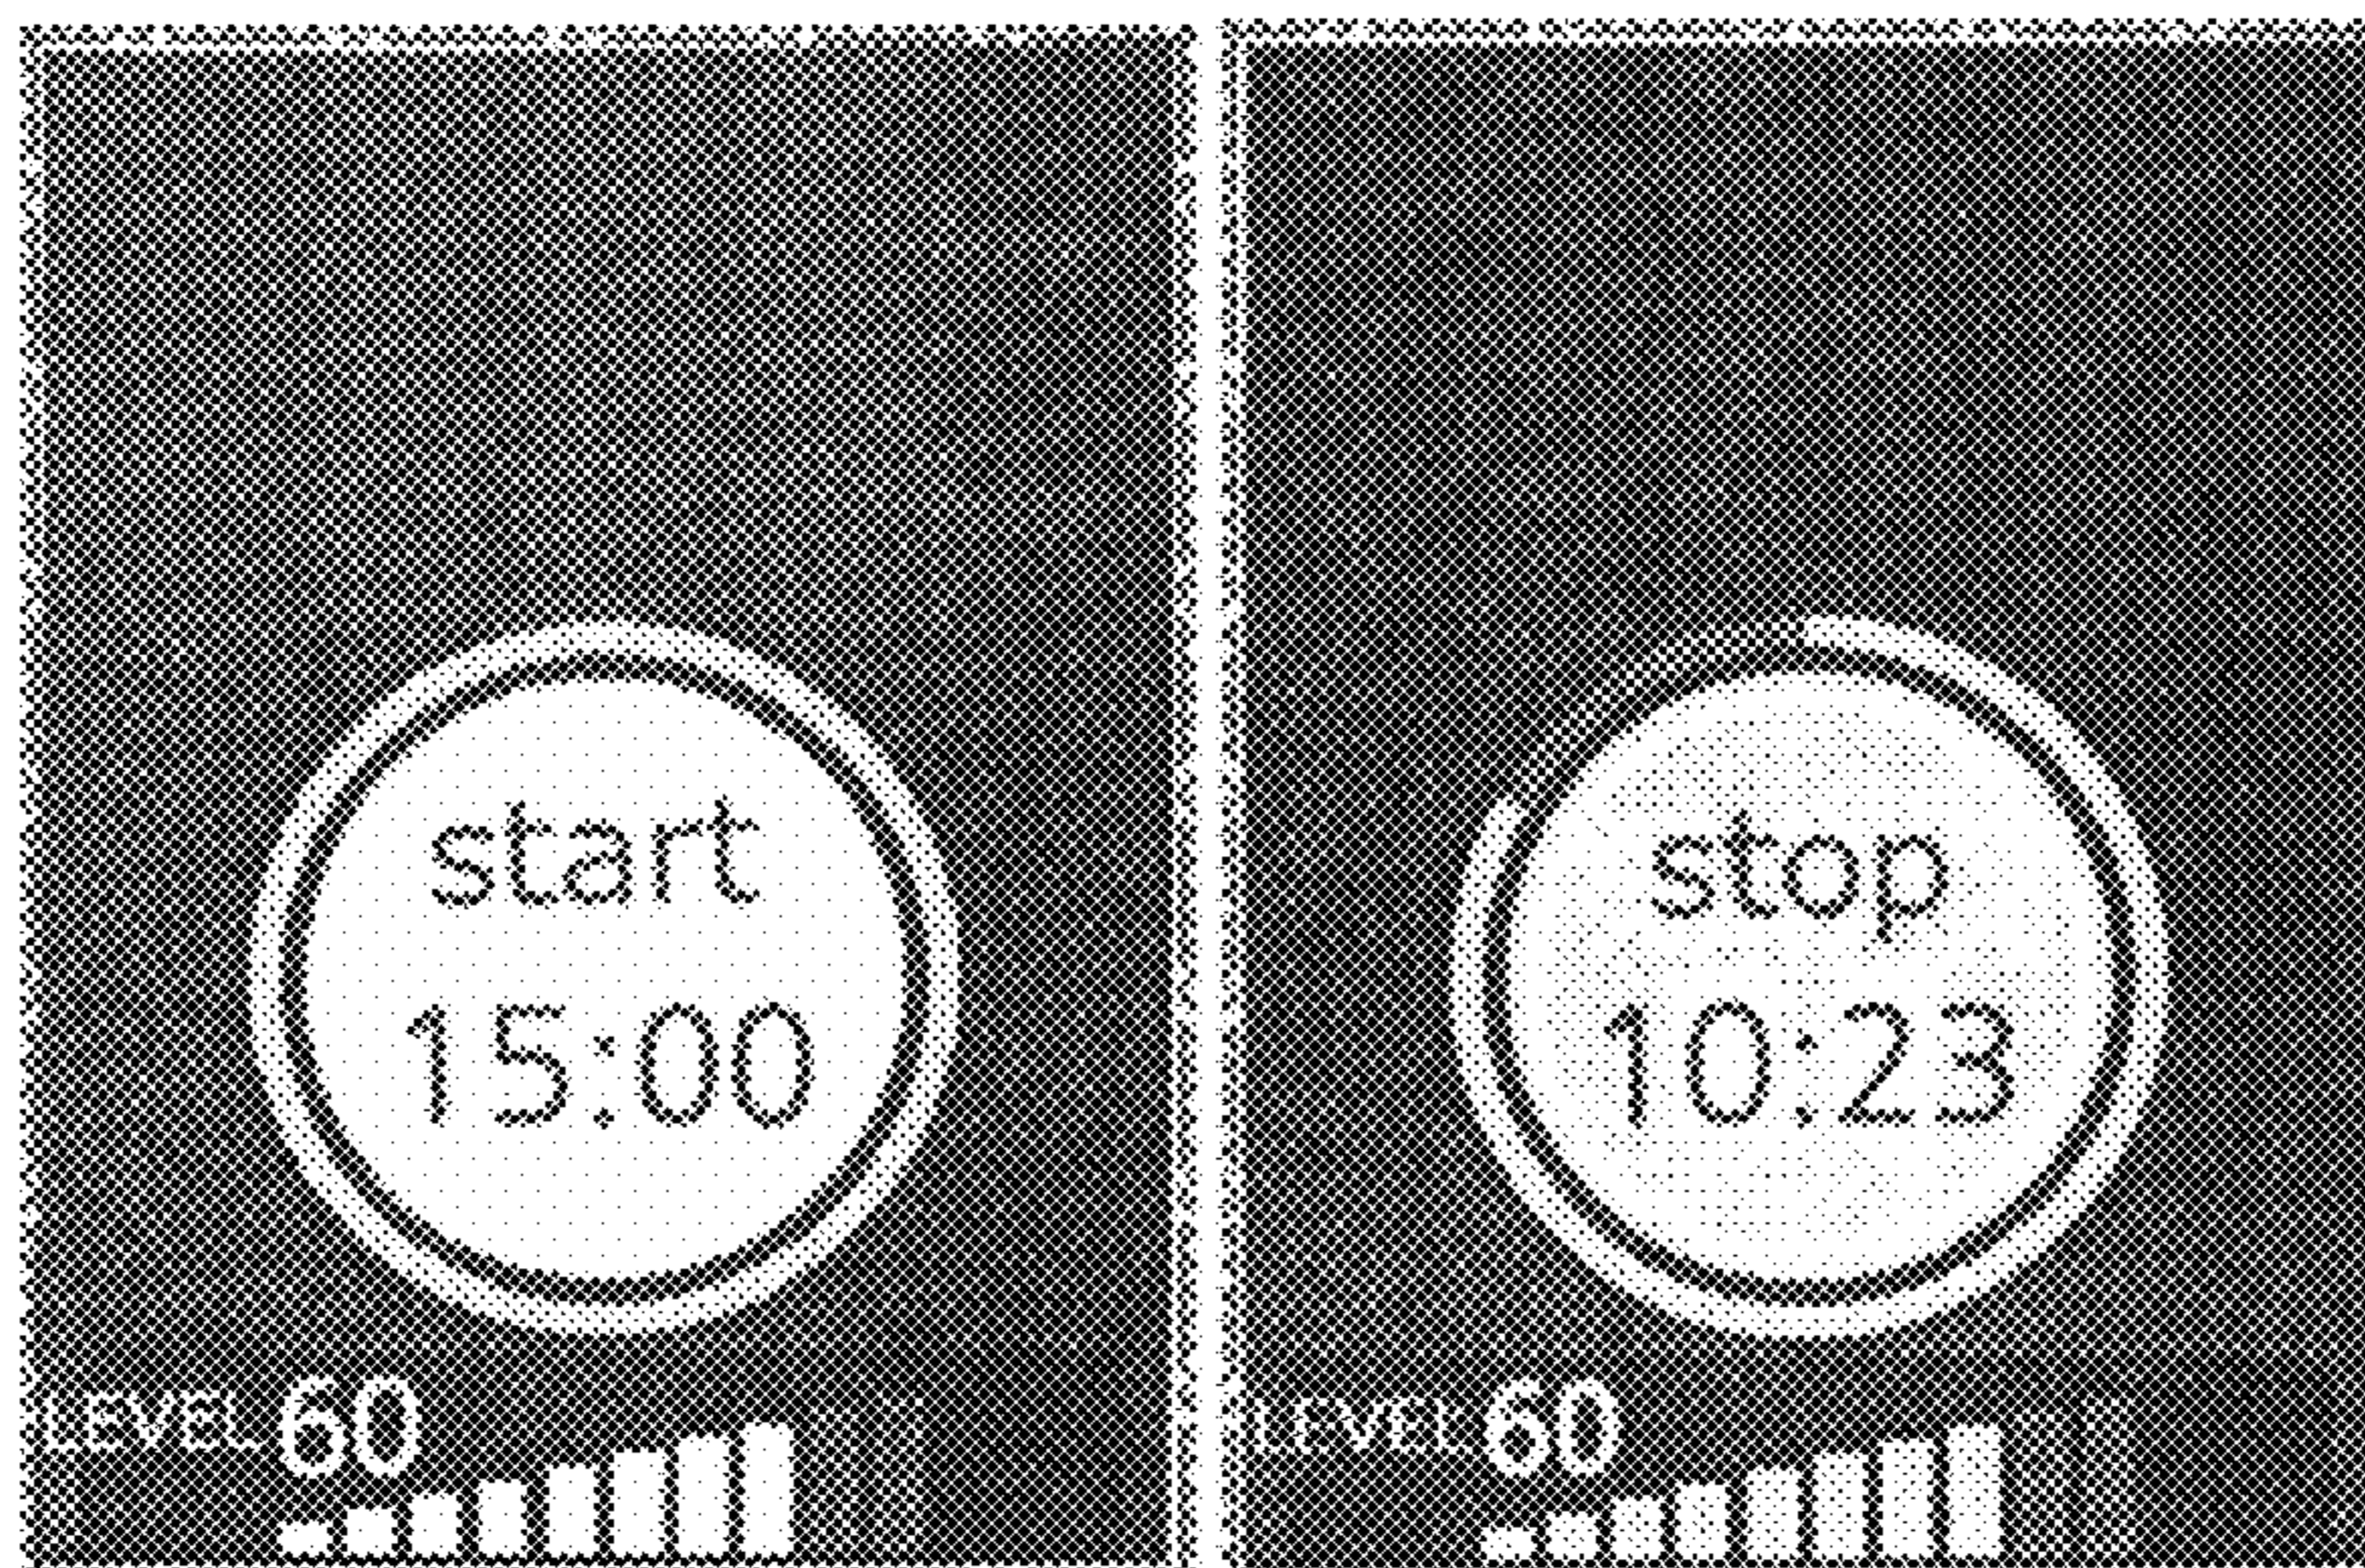

1.2 : Front

1.3 : Front

The appearance of the transitional image sequentially transi-
tions between the images shown in Figs. 1.1-1.3. The
process or period in which one image transitions to another
image forms no part of the claimed design.

The outermost, evenly-spaced broken lines showing a dis-
play screen form no part of the claimed design; the dash-dot
broken lines immediately adjacent the outer perimeter of the
shaded region show the boundary of the claimed design and
form no part thereof.

1 Claim, 3 Drawing Sheets
