FIG. 1 is a front view of a first image in a sequence for a first embodiment of a display screen with an animated graphical user interface showing our new design;

FIG. 2 is a second image thereof; and

FIG. 3 is a third image thereof.

FIG. 4 is a front view of a first image in a sequence for a second embodiment of a display screen with an animated graphical user interface showing our new design;

FIG. 5 is a second image thereof; and,

FIG. 6 is a third image thereof.

In the first embodiment, the appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-3. In the second embodiment, the appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 4-6. The process or period in which one image transitions to another forms no part of the claimed design.

The broken line showing of a display screen and portions of the graphical user interface is included for purposes of illustrating portions of the article only and forms no part of the claimed design.
