(57) CLAIM

The ornamental design for a container for cutting tools, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

1. Container for cutting tools

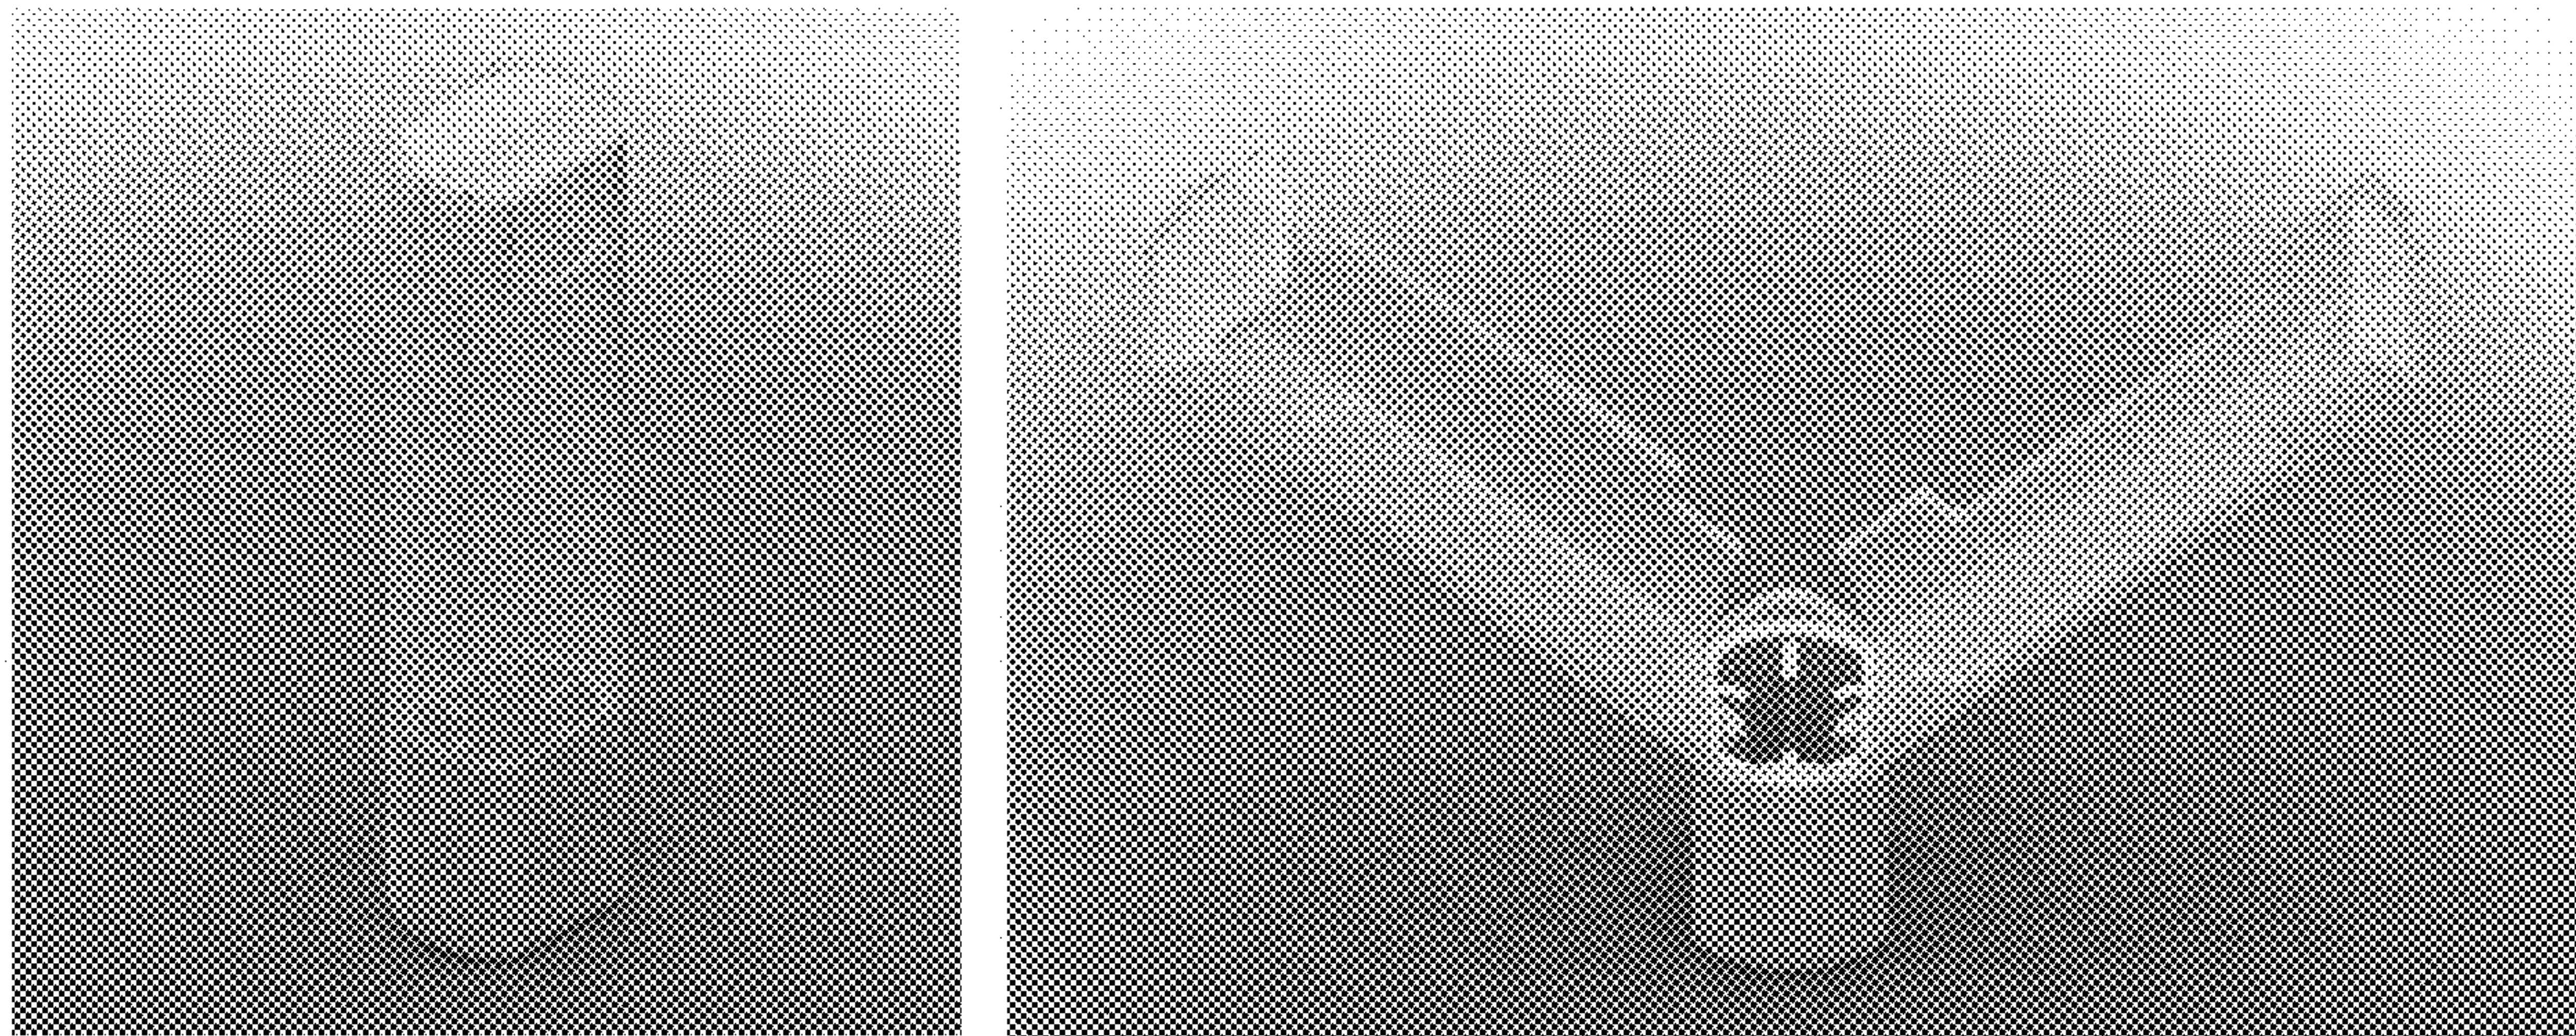

1.1 : Perspective

1.2 : Perspective

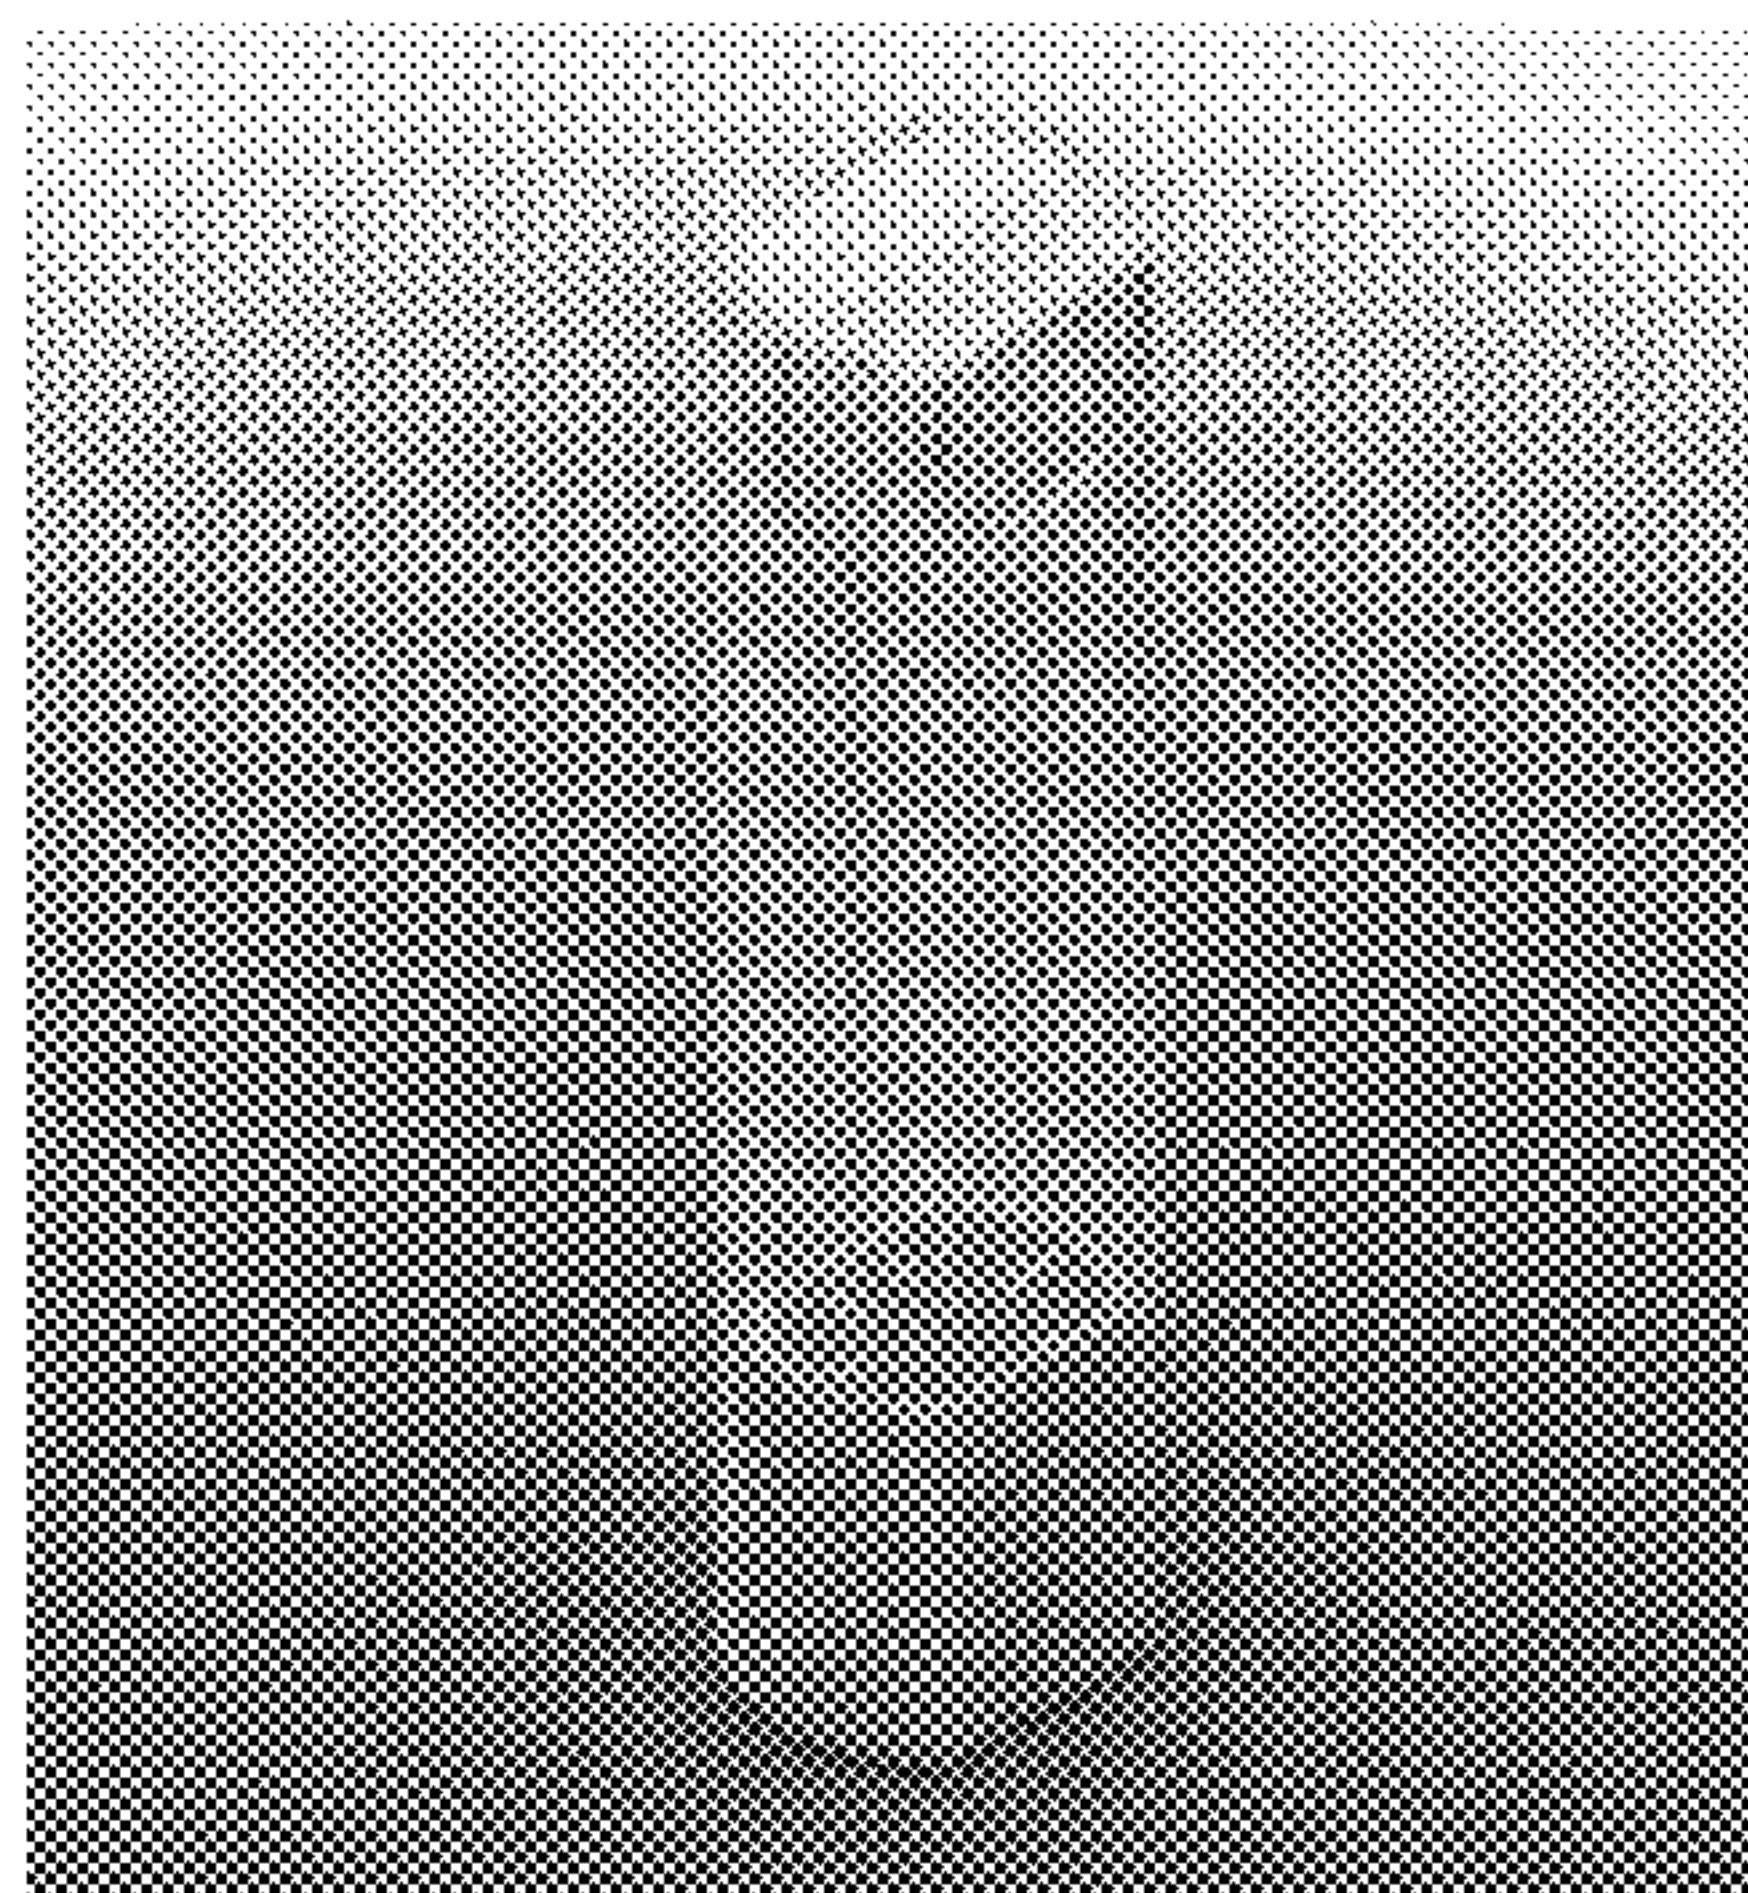

The product is used to store cutting tools; the product is also considered as the packaging box of the cutting products; there is a yellow compartment at the bottom; there is a top layer made of plastic material on the yellow compartment; the box has covers that can be opened in the form of wings; these covers can be closed by intertwining with each other at the top.
