(57) **CLAIM**

The ornamental design for a rehabilitation support, as shown and described.

DESCRIPTION

FIG. 1 is a front elevated perspective view of a rehabilitation support showing the claimed design; FIG. 2 is a front view thereof; FIG. 3 is a rear view thereof; FIG. 4 is a left side view thereof; FIG. 5 is a right side view thereof; FIG. 6 is a top view thereof; FIG. 7 is a bottom view thereof; and, FIG. 8 is a perspective view of a rehabilitation support showing the claimed design in a folded position such that it may be used as a support. The broken lines in the drawings depict portions of the rehabilitation support that form no part of the claimed design.
