(57) **CLAIM**

The ornamental design for a pan, as shown and described.

**DESCRIPTION**

The file of this patent contains photographs executed in color. Copies of this patent or patent application publication with color photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a color photographic front view of the pan with the lid, the rear side being a mirror image thereof;

FIG. 2 is a color photographic side view of FIG. 1, the other side being a mirror image thereof without the steam vent on the lid;

FIG. 3 is a color photographic top view of FIG. 1 without the lid;

FIG. 4 is a color photographic top view of FIG. 1 with the lid; and,

FIG. 5 is a color photographic perspective front top view of the lid of FIG. 1, the other side being a mirror image thereof. Shadows and reflections do not represent any particular color, material, texture or finish. Colors shown in the photographs form part of the claimed design.

The bottom of the pan is flat and unornamented. The handles, brackets and the lid of the pan form part of the claimed design. However, any view of the brackets and handles not shown in the Figures is disclaimed and forms no part of the claimed design.

The pan of the invention has decorative textured surfaces comprising a rough slate finish on the inner (food contacting) surface and on the exterior surface thereof as shown in the photographs.
