(57) **CLAIM**

The ornamental design for a display screen or portion thereof with a transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with a transitional graphical user interface, showing our new design and depicting a first image of the transitional graphical user interface.

FIG. 2 is a front view depicting a second image of the transitional graphical user interface; and,

FIG. 3 is a front view depicting a third image of the transitional graphical user interface.

The appearance of the transitional graphical user interface sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken lines illustrate environmental or unclaimed subject matter, and the broken lines form no part of the claimed design.
