(57) **CLAIM**

The ornamental design for a computing device display screen or portion thereof with an animated icon, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a computing device display screen or portion thereof with an animated icon showing a first image of the claimed design.

FIG. 2 is a front view of a computing device display screen or portion thereof with an animated icon showing a second image of the claimed design.

FIG. 3 is a front view of a computing device display screen or portion thereof with an animated icon showing a third image of the claimed design; and,

FIG. 4 is a front view of a computing device display screen or portion thereof with an animated icon showing a fourth image of the claimed design.

The appearance of the animated icon image sequentially transitions between the images shown in FIGS. 1-4. The process or period in which one image transitions to another forms no part of the claimed design.

The broken line showing of the display screen or portion thereof forms no part of the claimed design.
