(57) **CLAIM**

The ornamental design for an electronic device display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of an electronic device display screen with graphical user interface according to the claimed design; and, FIG. 2 is a front view of a second embodiment thereof. The outermost broken lines show an electronic device. The intermediate-length broken-lines illustrate the display screen. The remaining broken lines illustrate text and portions of the graphical user interface that form no part of the claimed design.
