(57) **CLAIM**

The ornamental design for a display screen or portion thereof with a medical charting user interface, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of a display screen or portion thereof with a medical charting user interface. The broken lines showing portions of the display screen or portion thereof with a medical charting user interface form no part of the claimed design. The horizontal dash-dash and diagonal dash-dash lines within the first column of horizontal rectangles form a part of the claimed design.
