(57) **CLAIM**

We claim the ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with graphical user interface.

The inner round-cornered vertically-oriented broken-line rectangle illustrates the perimeter of a display screen. The broken lines outside this perimeter illustrate an electronic device. The broken lines within this perimeter illustrate portions of the graphical user interface. The broken lines form no part of the claimed design.

The broken lines that are contiguous with the edges of solid gray tone show interior boundaries of the claimed design and form no part thereof.
