See application file for complete search history.

FIG. 1 is a front view of a first image in a sequence showing a computer with animated graphical user interface according to our new design;

FIG. 2 is a front view of a second image thereof; and, FIG. 3 is a front view of a third image thereof.

The broken lines showing a computer are for the purpose of illustrating environment and form no part of the claimed design; the dash-dotted broken lines define the bounds of the claimed design and form no part of the claimed design; the appearance of the transitional image sequentially transitions between the images shown in FIG. 1 through FIG. 3; the process or period in which one image transitions to another image forms no part of the claimed design.
