(57) **CLAIM**

I claim the ornamental design for a display screen or portion thereof with a graphical user interface for depicting payline graphics for non-orthogonal reel layouts, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a display screen or portion thereof with a graphical user interface for depicting payline graphics for non-orthogonal reel layouts.

FIG. 2 is a front view thereof; and,

FIG. 3 is a top view thereof.

A display screen or portion thereof with a graphical user interface for depicting payline graphics for non-orthogonal reel layouts is shown and described in the context of an example electronic gaming machine, but with the example gaming machine and a portion of the graphical user interface disclaimed. The broken lines, e.g., dotted or dashed lines, used to depict the example electronic gaming machine and portions of the display screen are included for the purpose of showing portions of the article and environmental structure which form no part of the claim.
