The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

See application file for complete search history.

FIG. 1 is a first image in a sequence for a display screen with animated graphical user interface showing the new design. FIG. 2 is a second image thereof; and, FIG. 3 is a third image thereof.

The appearance of the animated image on the display screen sequentially transitions between the images shown in FIGS. 1-3. The process in which, and the period in which, one image transitions to another image forms no part of the claimed design.

The outermost broken line illustrates a display screen or portion thereof and forms no part of the claimed design.

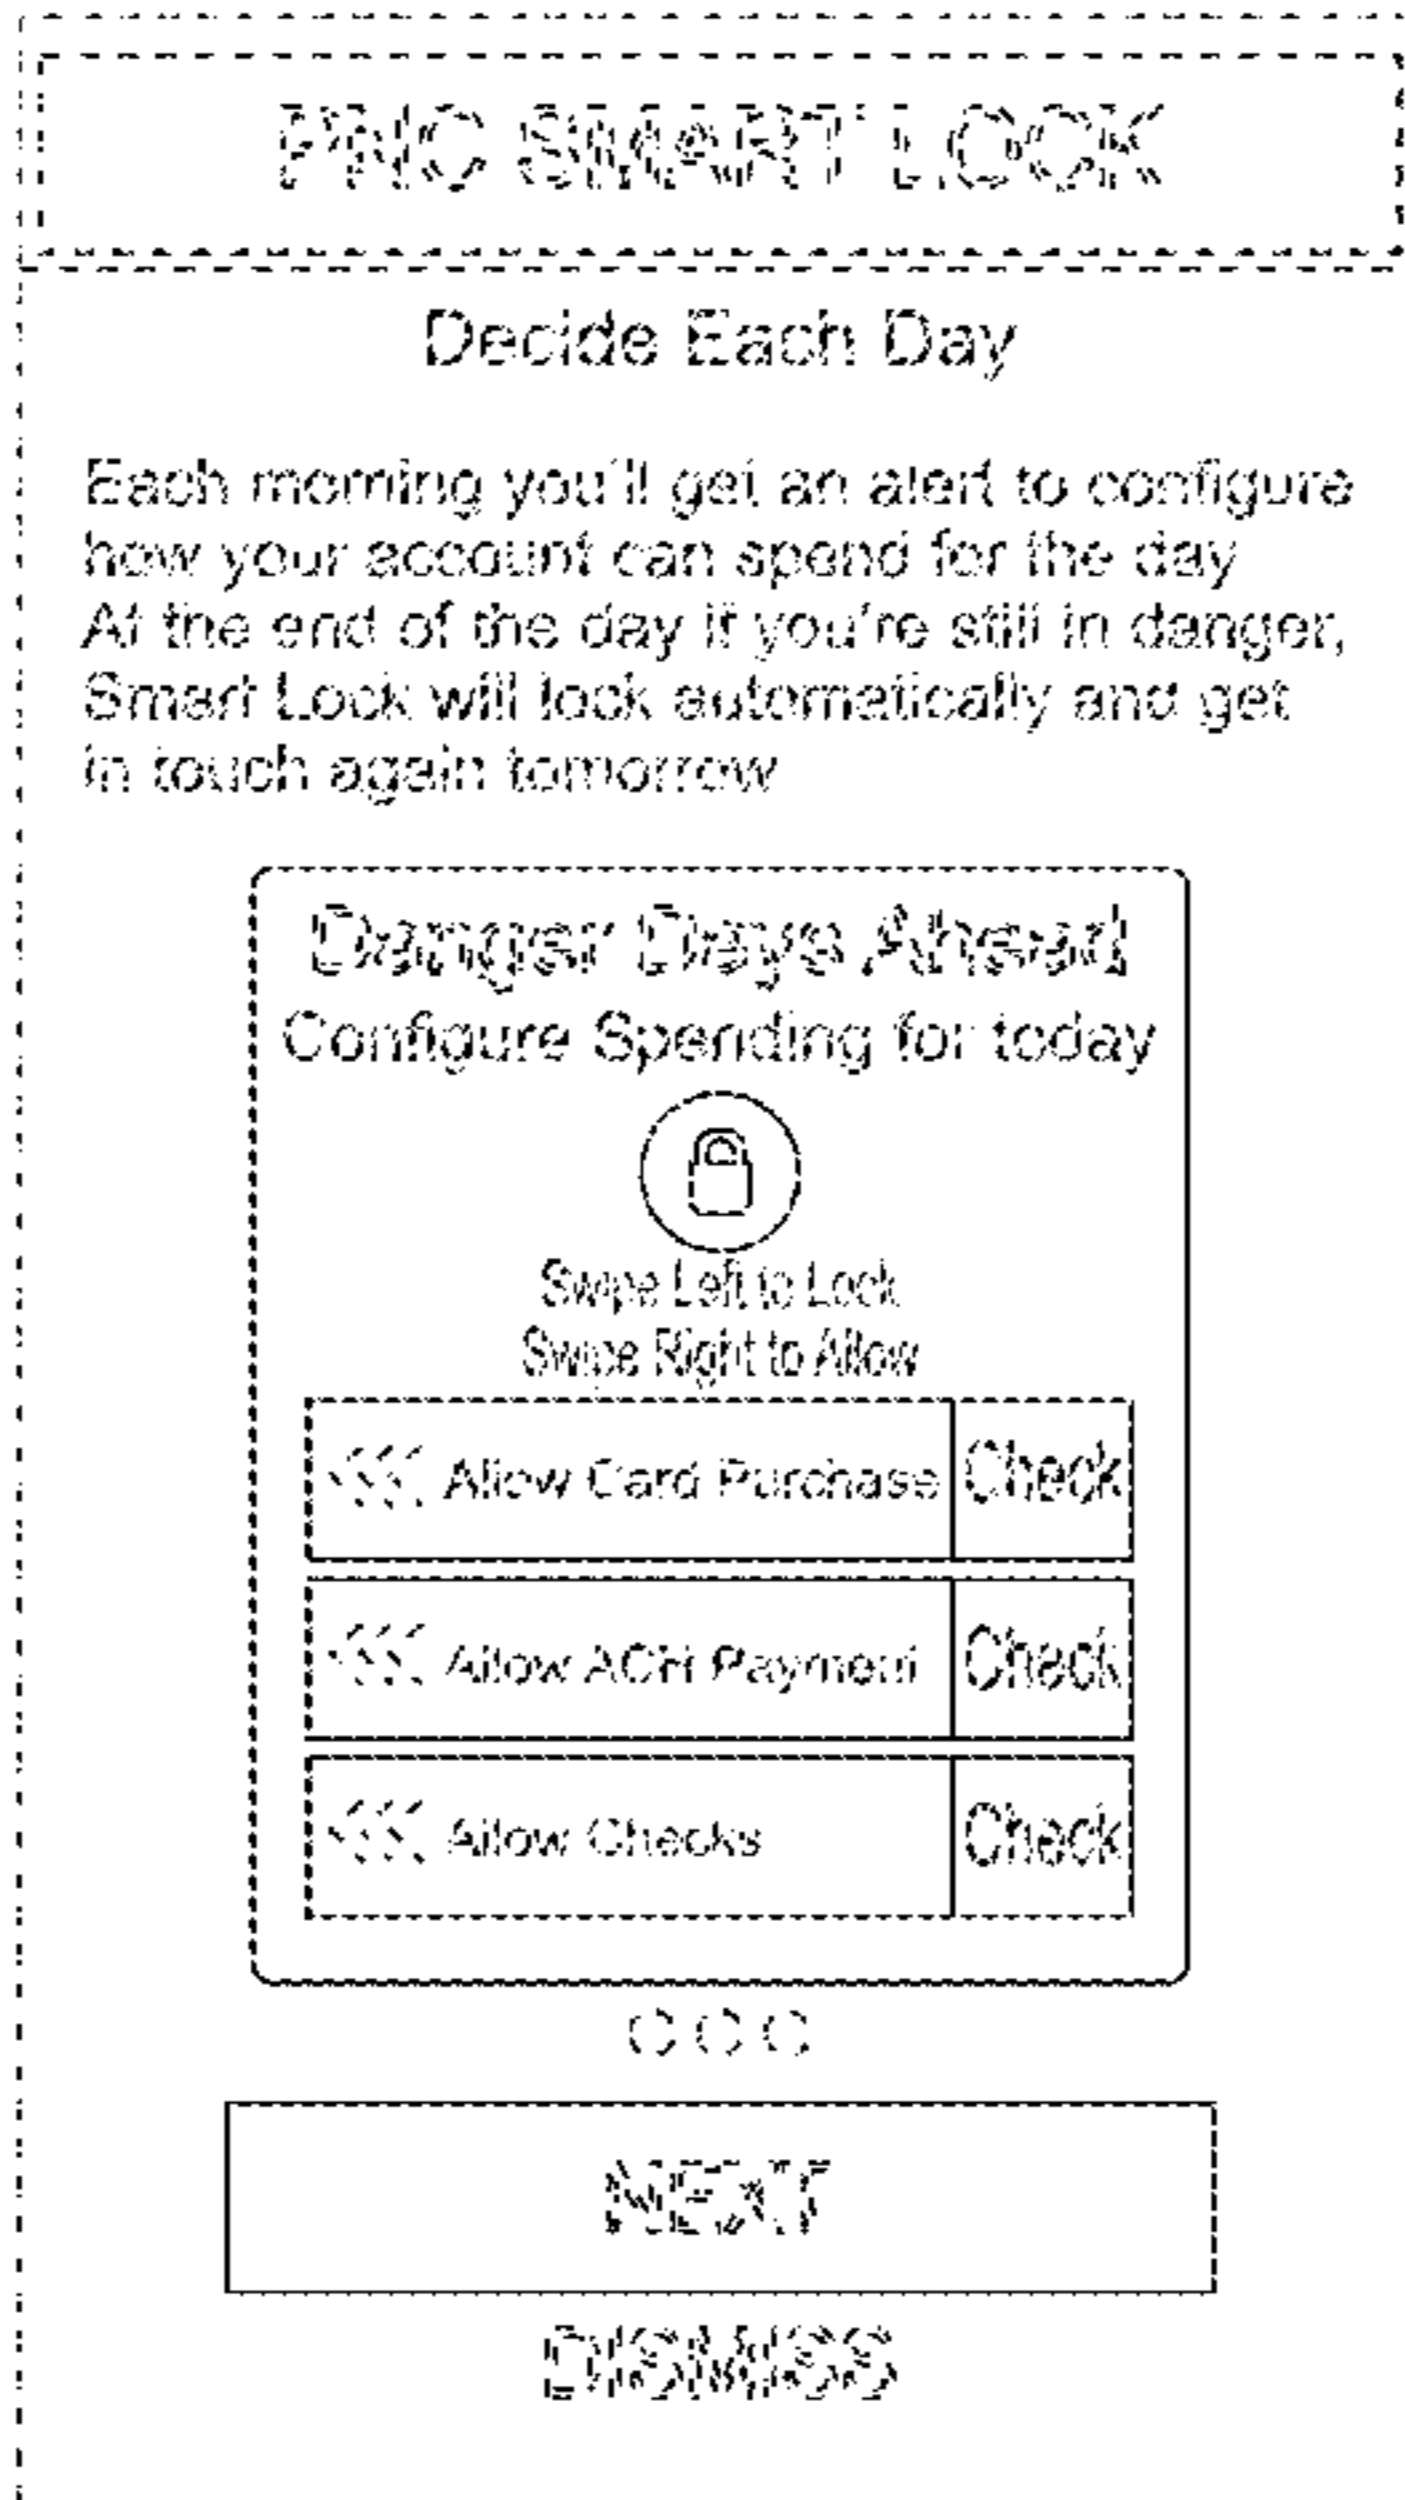

The other broken lines in the figure show portions of the graphical user interface that form no part of the claimed design.
