(57) **CLAIM**
The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a left, perspective view of a tire, showing our new design;
FIG. 2 is a left side elevation view thereof;
FIG. 3 is a right side elevation view thereof;
FIG. 4 is a front elevation view thereof, it being understood that the tread pattern is repeated throughout the circumference of the tire;
FIG. 5 is an enlarged front elevation view of FIG. 4, showing a portion thereof; and,
FIG. 6 is an enlarged left, perspective view of the tire. The portions of the tire depicted in broken dashed lines of uneven length mark the boundaries of the claimed design. The portions of the tire depicted in broken dashed lines of even length form no part of the claimed design. The broken dot-dot lines in FIG. 5 and FIG. 6 illustrate the boundary of the enlarged portions.
