(57) **CLAIM**

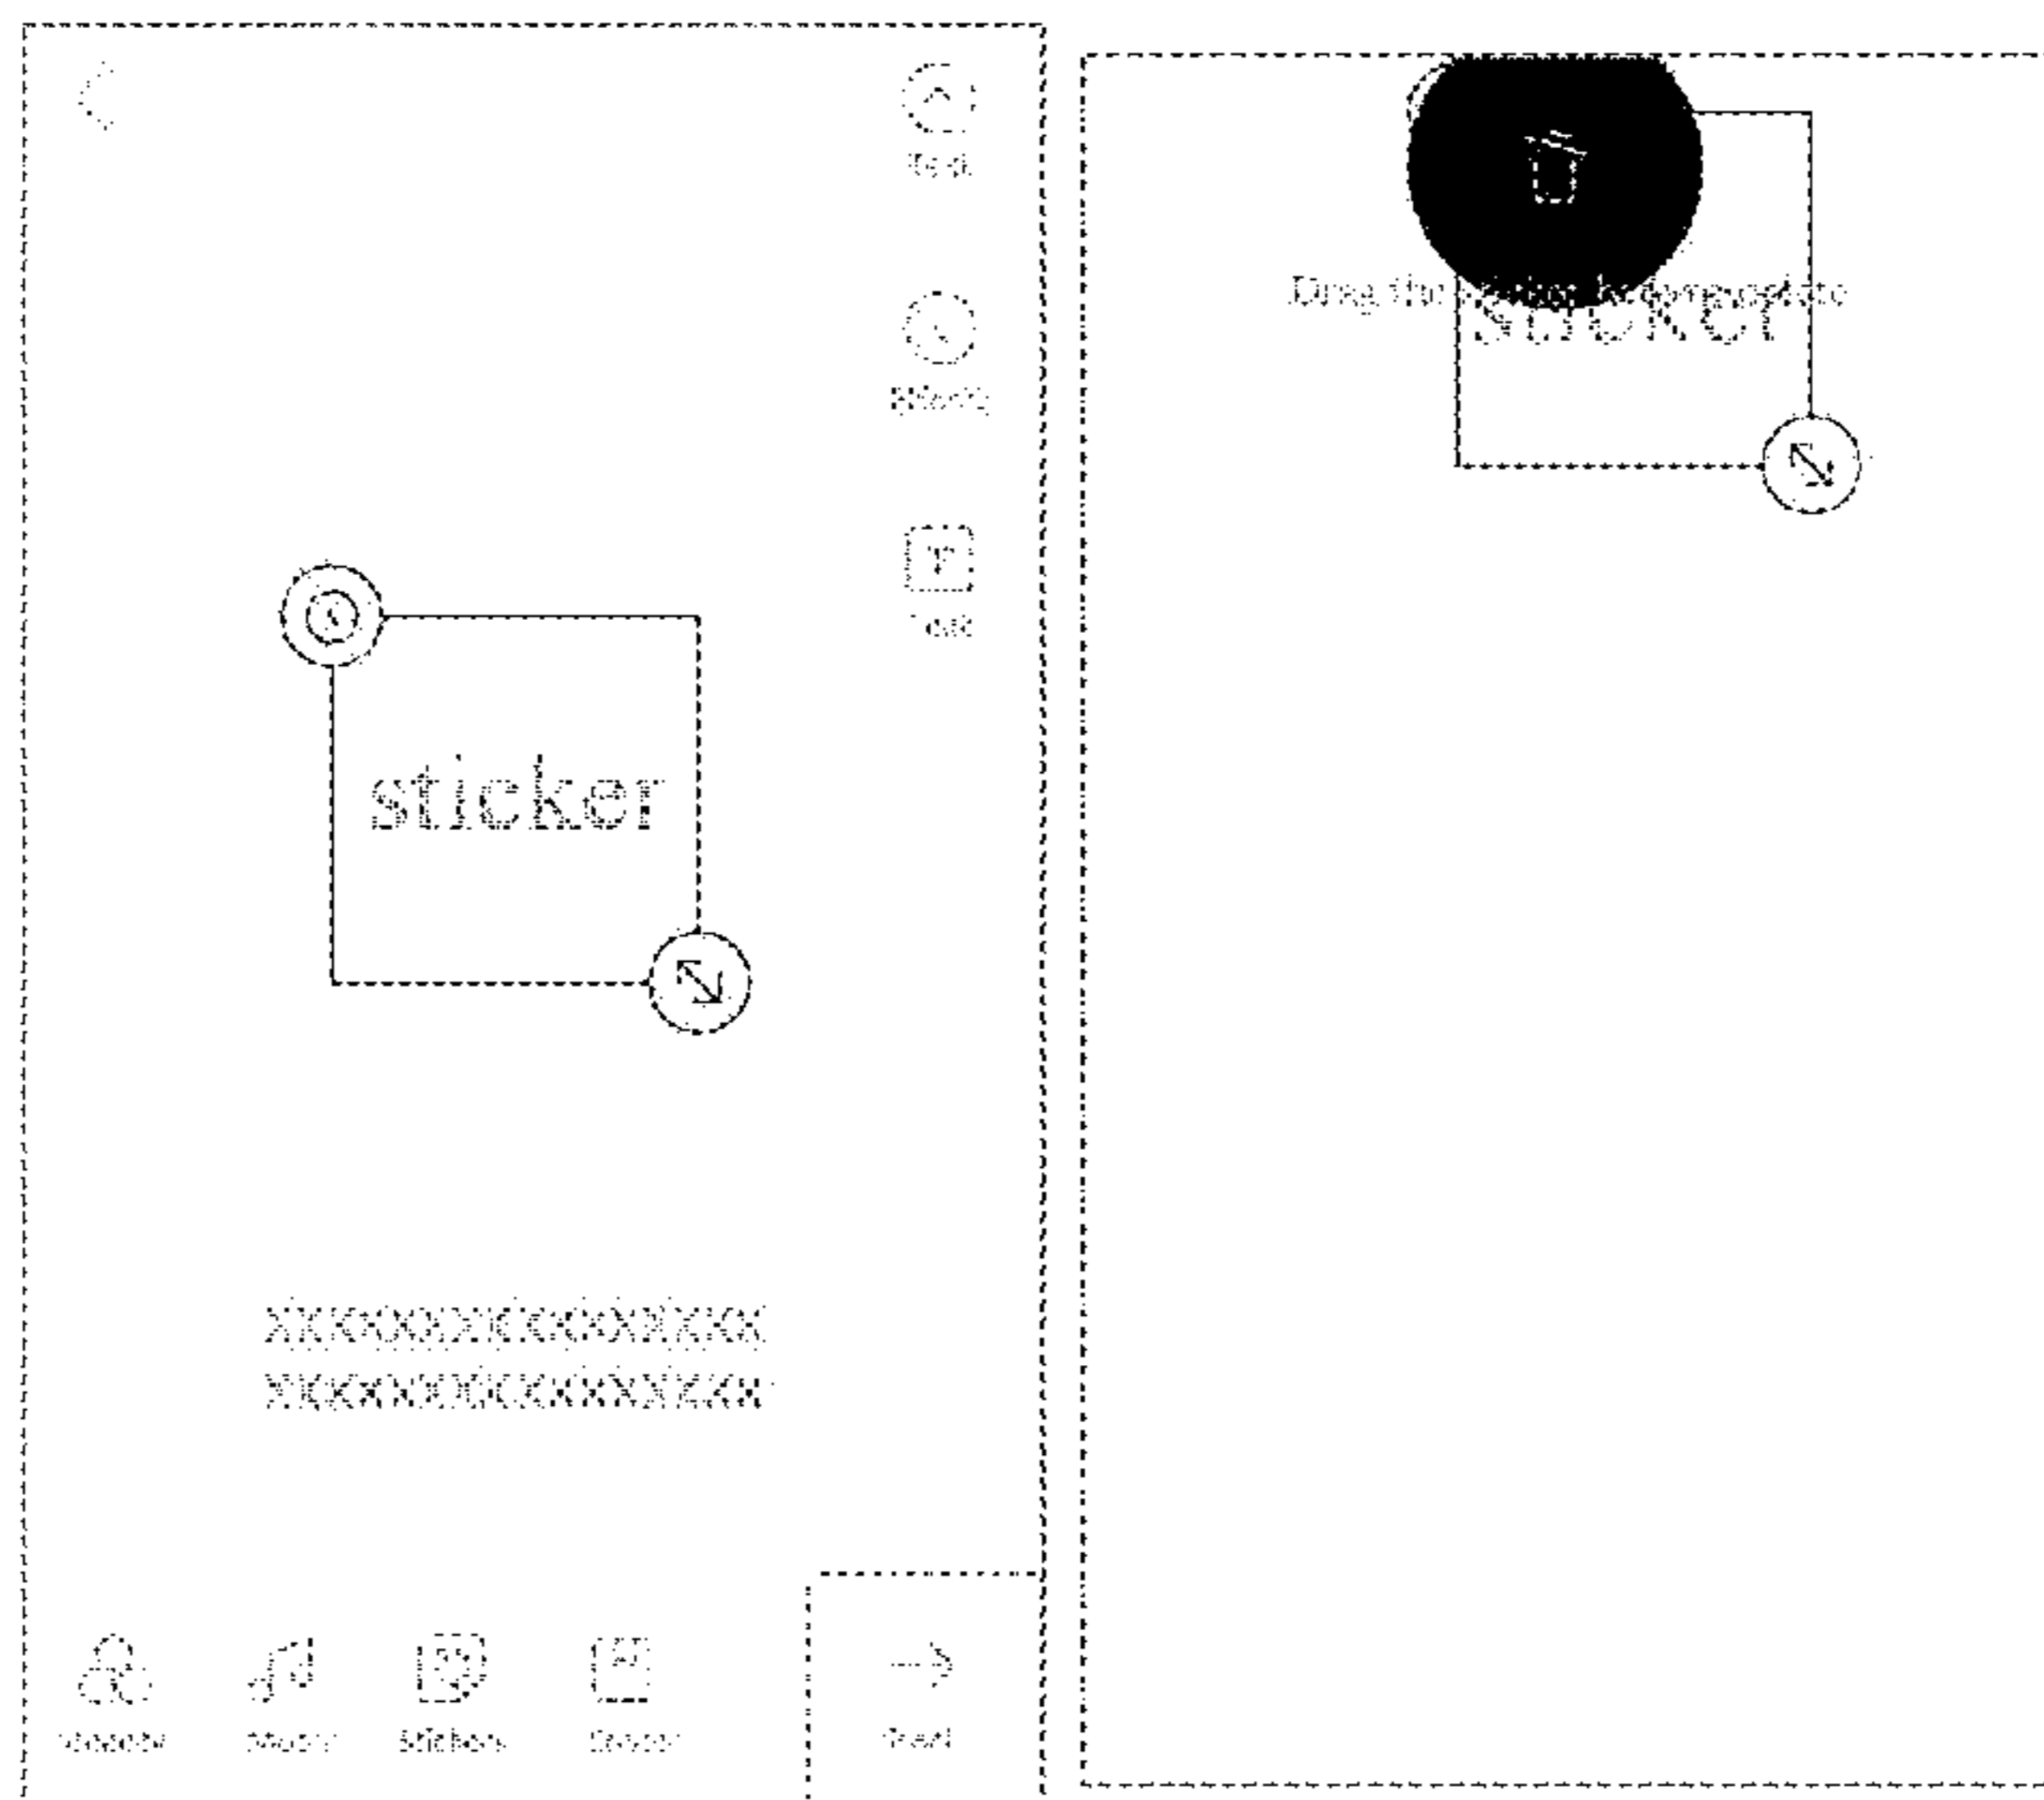

The ornamental design for a display screen or portion thereof with transitional graphical user interface for sticker deleting, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the display screen or portion thereof with transitional graphical user interface for sticker deleting showing a first image in sequence showing our new design; FIG. 2 is a second image in sequence thereof; FIG. 3 is a third image in sequence thereof; FIG. 4 is a fourth image in sequence thereof; and, FIG. 5 is a fifth image in sequence thereof.

The broken lines in the Figures show portions of a display screen or portion thereof with animated graphical user interface and portions of the display screen or portion thereof which form no part of the claimed design. The appearance of the user interface sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another forms no part of the claimed design.

1 Claim, 5 Drawing Sheets
