(57) **CLAIM**

The ornamental design for a display screen with an animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen with a first image of an animated graphical user interface showing our new design; and FIG. 2 is a second image thereof.

FIG. 3 is a front view of a second embodiment of a display screen with a first image of an animated graphical user interface showing our new design; and, FIG. 4 is a second image thereof.

The broken lines illustration the display screen or portions thereof including the animated graphical user interface or portions thereof form no part of the claimed design.

The appearance of an image sequentially transitions to another between FIGS. 1-2 and FIGS. 3-4, respectively. The process or period in which an image transitions to another forms no part of the claimed design.

1 Claim, 2 Drawing Sheets
