FIG. 1 is a top view of an inflatable perfusion enhancement structure showing our design in an uninflated state.
FIG. 2 is a bottom view thereof.
FIG. 3 is a front view thereof.
FIG. 4 is a rear view thereof.
FIG. 5 is a right side view thereof.
FIG. 6 is a left side view thereof.
FIG. 7 is a perspective view of the inflatable perfusion enhancement structure of FIGS. 1-6 in an inflated state positioned in a first suitable environment; and,
FIG. 8 is a perspective view of the inflatable perfusion enhancement structure of FIGS. 1-6 in an inflated state positioned in a second suitable environment.

See application file for complete search history.

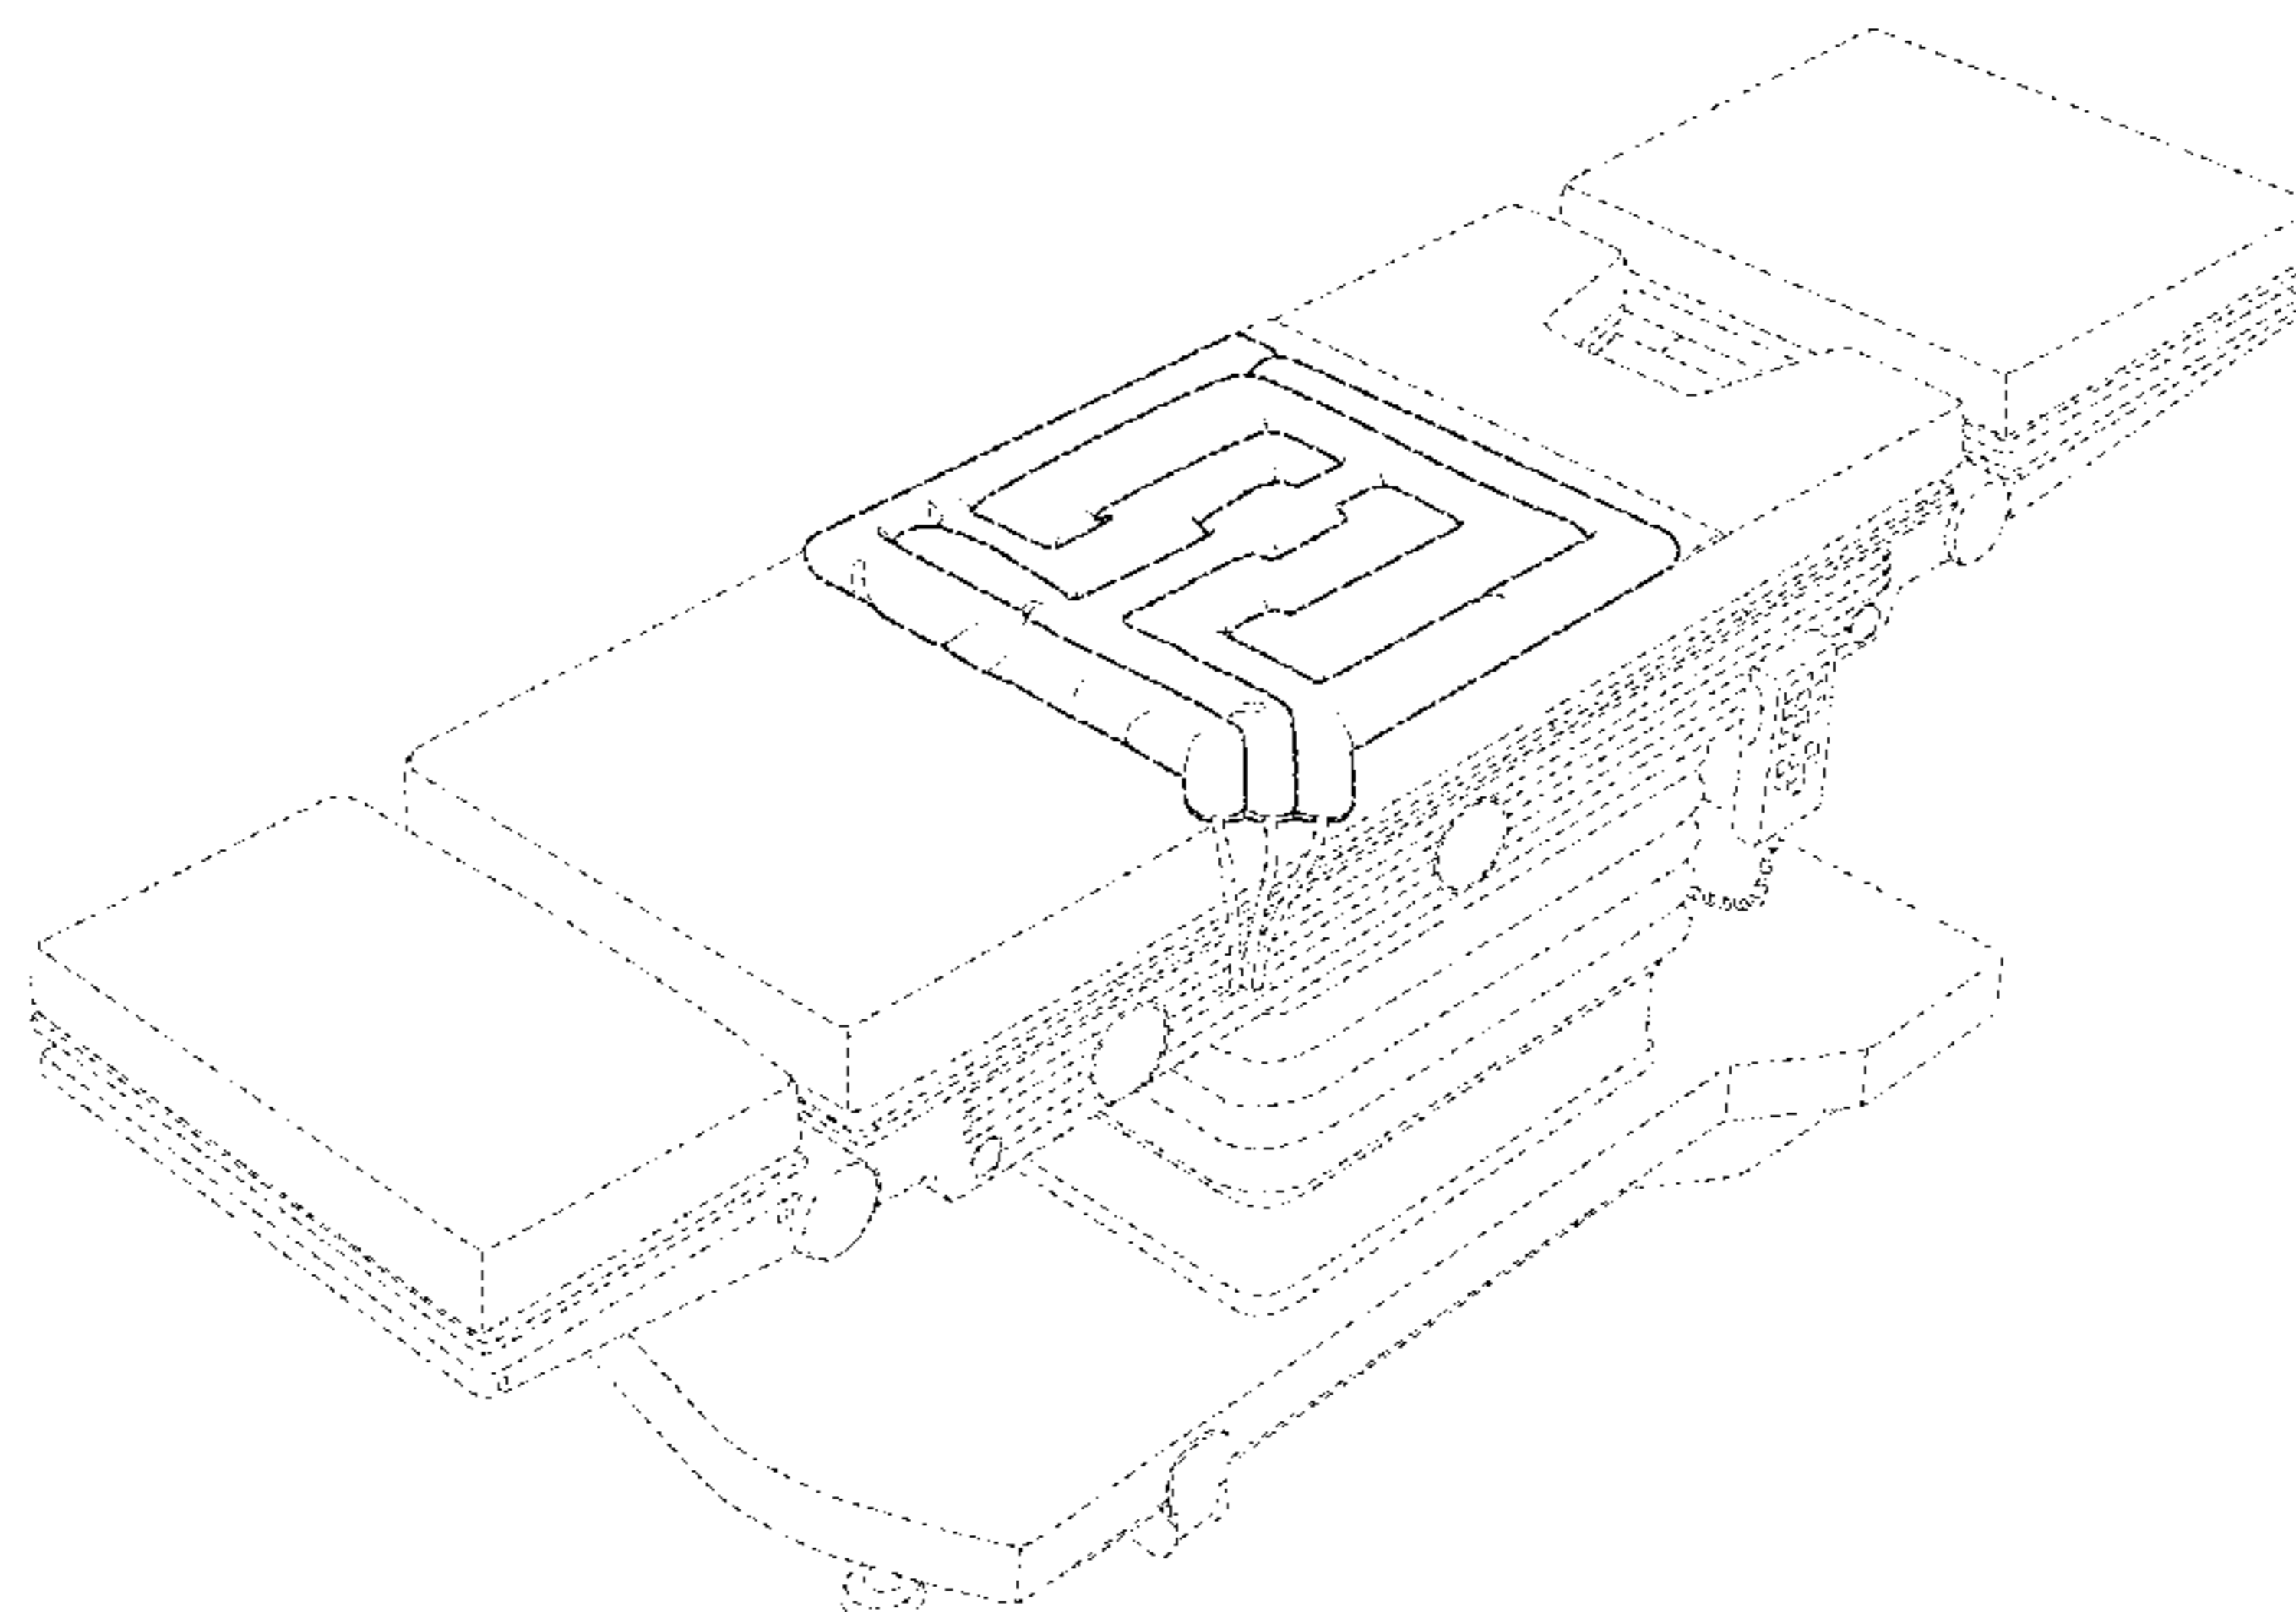

The broken lines in FIGS. 1-6 depict portions of the inflatable perfusion enhancement structure that form no part of the claimed design. The additional broken lines shown in FIGS. 7-8 in the form of a bed and chair, respectively, depict environmental subject matter and form no part of the claimed design.
