(57) **CLAIM**

We claim the ornamental design for an assembly for securing display, as shown and described.

The broken lines in the drawings are included for the purpose of illustrating subject matter which forms no part of the claimed design.

The assembly for securing display is shown in various drawings with a symbolic break in its length. The appearance of any portion of the article between the break lines forms no part of the claimed design.

Broken away portions of the assembly for securing display are shown in various drawings by an irregular line indicating the boundary of the claimed design and forms no part of the claim.
