(Continued)

The outermost broken-line border shown in FIGS. 1-6 illustrates the perimeter of a display screen or a portion thereof, as well as the boundary of the claimed design, and forms no part of the claimed design. The remaining broken lines illustrate portions of a graphical user interface and form no part of the claimed design. The appearance of the animated images sequentially transitions between the images shown in FIGS. 1-6. The process or period in which one image transitions to another forms no part of the claimed design.
