(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view showing a first embodiment of a display screen with graphical user interface according to the new design; and,

FIG. 2 is a front view showing a second embodiment thereof.

The inner broken line outline shows the display screen. All broken lines outside the display screen depict a device. The aforementioned broken lines form no part of the claimed design. Broken lines shown on the road in the design do form part of the claimed design.

**1 Claim, 2 Drawing Sheets**

FIG. 1

FIG. 2
